STEREOTYPING

BY

PATENT PROCESS.

ISAAC SLATER begs to call the attention of Publishers, Printers, &c. to the Newly Patented Process of Stereotyping.

Among the benefits to be derived from its adoption, the following may be stated:—

ECONOMY—with Work of a Superior Quality.

Moulds *only* may be taken (at a trifling cost), from which, *at any future period*, Plates may be cast.

The Plates are cast of uniform thickness, which avoids 'Packing,' thus saving much trouble to the Printers.

The Type is returned *quite clean* and ready for 'Distribution,' no Plaster being used in moulding.

Almost any size of Plate may be produced.

High Spaces are totally dispensed with.

The Type requires only to remain from one to two hours at the Foundry, and with this rapidity of return, the Printer is enabled to carry on his business with considerably less Type.

I. SLATER in soliciting the Patronage of the TRADE generally, feels convinced that a Single Trial will show the decided superiority of this method over that of the ordinary one by plaster

---

I. SLATER,

PUBLISHER, PRINTER, &c.

37, FOUNTAIN STREET,

MANCHESTER.

THIS IMPRESSION IS PRINTED FROM A PLATE BY THE PATENTED PROCESS.

PATENTEES & SOLE MANUFACTURERS OF

VULCANIZED

INDIA RUBBER.

The distinguishing properties of the PATENT VULCANIZED INDIA RUBBER are—**its uniform elasticity in various temperatures; it does not become hard by exposure to cold.** It is of greater strength and less liable to injury from heat than native Caoutchouc. It is insoluble in essential oils. It resists the effects of oil and grease in different degrees, according to the purposes for which it is manufactured.

VULCANIZED INDIA RUBBER has been successfully used for a variety of **Machinery purposes,** such as **Washers** for Joints in Water, Gas and Steam Pipes—for the Flap and Foot Valves of Steam Engines, &c.—Flap Valves and Buckets for Pumps—Bands—Ordinary Springs—Railway Carriage Springs and Buffers—Felt for Railway Sleepers—Hose Pipe—Plain and Fancy Tubing—Vessels for Chemical purposes—Tires for Wheels—Mill Teagle Straps for Hoists—Blankets for Calico Printers—Roller Furnishers—Artificial Leather for Card Backs, &c. &c.

Also, from the same Material, **Elastic Articles** for various purposes, such as Elastic Bands for papers and parcels—Braces—Gaiters—Trouser Straps—Garters—Vest Backs—Boot Gussets—Over Shoes and Boots—Thread and Tape—Surgical Bottles—Surgical Bandages—Swimming Gloves—Bathing Caps—Sponge Bags—Cricket Gloves and Balls—Jar Covers—Gas Bags—Writing Tablets—Horse Boots and Knee Caps—Swimming Belts—Life Preservers—Life Buoys—Tubes for Life Boats, &c. &c.

WATERPROOF AND AIRPROOF GOODS AND OTHER FABRICS,

MANUFACTURED BY

CHARLES MACINTOSH & CO.

PATENTEES OF THE INDIA RUBBER WATERPROOF & AIRPROOF FABRICS.

Cotton and Stuff Fabrics, Single and Double Texture: Capes—Cloaks—Coats—Trousers—Overalls—Travelling Caps—Bags—Fishing Stockings and Boots—Gun Covers—Game Bags—Canteens—Drinking Cups—Nursing Aprons—Hydrostatic Beds—Cart and Waggon Covers—Carriage and Gig Aprons—Horse Cloths—Airproof Cushions—Pillows—Beds—Life Preservers—Bellows—Neck Pillows and Cushions for Travellers, &c. &c.

Also, MARKWICK'S Patent Epithems, or Spongio Piline Poultice Bandages—Piline Chest and Neck Protectors—Gloves—Socks, &c. &c.

BROCKEDON'S PATENT STOPPERS.

CHAS. MACINTOSH & CO.'S
PATENT VULCANIZED INDIA RUBBER WASHERS,
FOR JOINTS IN PIPES OR VESSELS USED FOR
WATER, STEAM, AIR, GAS, &c.

The PATENT WASHERS are made of any *size or figure*, so as to suit the endless variety of situations in which joints are required to be made, such as Bevils, Ovals, Semi-Circles, Squares, &c.

The advantages over the ordinary method of joint making are—

The extreme facility with which pipes may be connected, merely requiring to be placed between the flanges and screwed up; consequently saving time and wages.

Unlike joints made with iron rings and cement, these joints do not require time *to set*, and steam may be turned on the moment a joint is made.

From the elasticity of the Vulcanized Rubber Washers, the evil effects of expansion and contraction are obviated; and although the pipes may be subject to violence, by tremor or otherwise, the joints remain perfectly sound.

These Washers are made rather larger internal diameter than the pipes for which they are to be used, so as to allow of tight screwing, without their being compressed into the opening, and are applied inside the bolt holes. If, however, the Washers be required for *facid pipes*, the same should be specified, as such are made, as near as possible, the bore of the pipes, less compression being required.

Washers for pipes, from 2 inch to 12 inch bore, are kept in Stock ($\frac{1}{4}$ inch thick) and may be had at any time; other sizes and shapes are made to order, according to sketch or dimensions.

N.B.—In all cases where it is required to remove Steam Engine Bonnets, Manhole Covers, &c. it will be found advantageous to place thin paper over the washer, on the side next such Bonnet, &c.—If this be done, the washer will not adhere to the metal, and the Bonnet may therefore be removed without injury to the washer.

TESTIMONIALS.

Messrs. Chas. Macintosh & Co. Manchester. KIRKSTALL FORGE, LEEDS, June 18th, 1847.

Sirs,

We have great pleasure in bearing testimony to the value of your Vulcanized India Rubber Rings for Pipe Joints. We have used them in our Works for some months for the Joints of High Pressure Steam and Hot Water Pipes, under a pressure of upwards of 60lbs. upon the square inch, and we have found them to make a perfectly tight Joint; in fact, we substituted these Rings in the Joints of the above Pipes, which where made in the ordinary way, and which we found impossible to keep tight after repeated trials and expense. Since your Rings have been substituted, we have not had the slighthest trouble, nor one bad Joint. We consider the Rings particularly good where the Pipes are liable to any tremor. We have just started another High Pressure Engine, the whole of the Joints of the Pipes of which are made with your Rings, and we have not had one failure.

We are, Sirs, Yours most respectfully,
(Signed), BEECROFT, BUTLER & CO.

Messrs. Chas. Macintosh & Co. Manchester. SOHO, BIRMINGHAM, 6th March, 1848.

Gentlemen,

During the last two years we have used a considerable quantity of your Vulcanized India Rubber Rings for making the Joints of Steam and Water Pipes, and we have not heard of any failure in any case. We may add, that we consider them economical for this purpose.

We are, Gentlemen, Truly yours,
(Signed), BOULTON, WATT & CO.

Messrs. C. Macintosh & Co. MANCHESTER, August 28th, 1846

Gentlemen,

It affords me great satisfaction in being able to speak favourably as to the merits of the India Rubber Rings for Jointing Pipes. I have used them extensively for the last fifteen months, and, from present appearances, I am perfectly satisfied as to their efficiency in every description of Joint to which they may be applied.

I am, Gentlemen, yours sincerely,
(Signed), WM. FAIRBAIRN.

Messrs. Macintosh & Co. Manchester. MIDDLESBOROUGH AND WITTON PARK IRON WORKS, March 24, 1848.

Gentlemen,

We have used your India Rubber Rings for some time, and have found them very superior to any other mode of making Steam and Water Joints, and prove our estimation by our repeated orders for them.

We are, Gentlemen, Yours most respectfully,
BOLCKOW & VAUGHAN.

NORWICH UNION LIFE INSURANCE SOCIETY.

INSTITUTED 1808.

CAPITAL INVESTED, £2,000,000.

OFFICE—31, PRINCES STREET, EDINBURGH.

BOARD OF MANAGEMENT AT EDINBURGH.

SIR HENRY JARDINE, of Harwood. | The Honourable LORD WOOD.
JOHN FERRIER, Esq. W.S. | WILLIAM DALLAS, Esq. W.S.

This SOCIETY transacts every description of Life Assurance and Annuity Business on the most liberal principles, and presents to the public the following important features, viz.

First—The NUMBER of its MEMBERS is UPWARDS of SEVEN THOUSAND FIVE HUNDRED.

Second—As a consequence, the advantage arising from an AVERAGE DECREMENT OF LIFE so essential to the prosperity of a Life Insurance Office, is thereby attained.

Third—The SECURITY presented to its Members, arising from an ACCUMULATED FUND OF TWO MILLIONS, in addition to an ANNUAL INCOME of **£190,000**, from PREMIUMS ALONE.

Fourth—The Distribution of the WHOLE PROFITS among the Parties Insured, every Fifth Year, and which have already amounted to nearly ONE MILLION Sterling.

Fifth—The RATES OF PREMIUM for Ages under 45 are about 10 per cent. below those of the older Offices, being a benefit equivalent to an Annual Bonus.

NO ENTRY MONEY CHARGED.

Annual Premiums to Assure £100. at Death.

Age 25.	Age 30.	Age 35.	Age 40.	Age 45.	Age 50.
£2 3 8	£2 8 10	£2 14 10	£3 2 0	£3 11 0	£4 6 0

ANNUITIES ON LIVES.

Annuity given for every £100. Deposited.

To a Male.	*Age.*	*To a Female.*	*To a Male.*	*Age.*	*To a Female.*
£7 10 10	50	£6 15 2	£11 10 6	65	£10 3 6

9 14 8	60	8 11 10	18 14 0	75	15 8 0

THESE RATES WILL BE FOUND EXTREMELY FAVOURABLE.

NORWICH UNION FIRE ASSURANCE SOCIETY,

INSTITUTED 1797.

SUBSCRIBED CAPITAL, £550,000.

THE SUMS INSURED WITH THIS OFFICE AMOUNT TO ABOUT SEVENTY MILLIONS STERLING

INSURERS receive PERIODICAL DIVIDENDS from the Profits of the Society, which become a matter of some importance to those who insure a large sum, and who pay a heavy Premium. The Insured are at same time *entirely free from responsibility*. The Rates of Insurance are the same as those of other offices, and *Losses* are settled *liberally*.

LIFE ASSURANCE.

LIFE Offices are ranged under two classes, acting on two different systems, namely, Proprietary Companies and Mutual Assurance Societies. A Proprietary Company is a Copartnery formed for conducting Life Assurance as a business, and has a Subscribed Capital, which is pledged to the parties transacting with it in security of the sums insured. He, therefore, who insures with a Proprietary Company has the sum in his Policy secured to him without risk of diminution or chance of increase. A Mutual Assurance Society is an association for insuring each other; it has no Protecting Capital. Every policy holder is a member of the Society, and shares in the profit or loss of the concern, in proportion to his sum insured.

The Proprietary Insurance Company addresses itself to the cautious; the Mutual Assurance Society to the speculative part of the community. *The Plan of the* NORTH BRITISH ASSURANCE COMPANY *embraces the advantages of both systems.* It combines the principle of Mutual Assurance with the security of a large subscribed Capital, and the support of a wealthy and influential body of Proprietors.*

* When a Mutual Assurance Society effects insurance for fixed sums, it combines the *disadvantages* of both systems; for as it has no Protecting Capital, either the Assured must share in the risk without participating in the Profit, or the other members of the Society must be something more than Mutual Assurers, for they run the risk of other Policies besides their own.

Parties may either insure the payment of a fixed sum at death, or they may, by the payment of an increased premium, participate in the Profits of the Office.

PARTICIPATING POLICIES share in the Profits to the extent of **Four-fifths**, or in other words, the whole Profits, after reserving one-fifth for the guarantee, are divided amongst the Assured, each Policy drawing exactly in proportion to the sum insured, and the number of the Annual Premiums paid during the Septennial Period, previous Bonuses being reckoned additions to the sums insured, and, as such, entitled to participate. In this way the Assured draws exactly the sum due to the Premium he has paid, and gets the full benefit of his longevity to whatever age he may attain, and that too without the risk of Mutual Assurance, the Bonus, as well as the sum in the Policy, being guaranteed by the protecting Capital of the Company.

The BONUS declared at the last investigation into the Company's affairs, on the 31st December, 1844, was £1. 10s. per cent. on the sums insured for each Annual Premium paid during the Septennial Period, previous Bonuses being reckoned additions to the sums insured, and, as such, sharing in the Profits. Thus, a Policy for £5,000. having previous additions attached to it of £818. 2s. 6d. was ranked for £5,818. 2s. 6d. and had a further addition declared to it of £610. 18s.; and will at next division of Profits be ranked for £6,429. 0s. 6d.

BONUSES may either be added to the sum assured, or commuted for a present payment, or applied in reduction of the future Premiums, at the option of the party effecting the Assurance.

Although the Company was instituted in 1809, yet the business was not extended to Life Assurance until June, 1823.

The progress made is best marked by the following comparison between the state of the Company's business at the commencement and at the close of the last Septennial period.

On the 1st January, 1838, the Sum Insured under subsisting Policies was..	£1,283,275	0	0
The Annual Revenue	53,045	11	5
And the Accumulated Premiums	200,168	10	10
On the 31st December, 1844, the Sum Insured was	2,155,255	0	0
The Annual Revenue	90,202	4	7
And the Accumulated Premiums	442,393	13	9

At the present time, *without amalgamating with any other Company*, the Accumulated Life Premiums exceed HALF A MILLION STERLING, and the Life Revenue is above £100,000.

ADVANTAGES AFFORDED BY THE NORTH BRITISH COMPANY.

1.—The Security of a Protecting Capital of One Million, fully subscribed.
2.—Premiums moderately rated, at all ages, and bearing a favourable comparison with the Rates of other Offices. Payments may be made Yearly, Half Yearly, or Quarterly.
3.—Moderate Rates are charged for Special Risks, such as the Contingencies of Foreign Climates, &c.
4.—The Option of participating in the Profits without incurring the risk or responsibility of Mutual Assurance.
5.—No Entry Money or other Charge except the Policy Stamp.
6.—In order that the Policies of this Company may afford perfect security, it is expressly conditioned that although Assurances, made by persons on their own lives, who shall die by duelling, by suicide, or by the hands of justice will become void so far as respects such persons, yet the policy shall remain in force, so far as any other person or persons shall then have acquired a *bona fide* interest therein, by Assignment or by legal or equitable lien.
7.—To save expense and trouble to parties resident in England, the Company is authorized by its Act of Parliament to pay on English Probate or Letters of Administration.

By order of the Board of Directors,

Edinburgh, 1850. JAMES BORTHWICK, MANAGER.

NOTICE.

For the convenience of persons resident in England, it shall be competent for them to sue the Corporation in any of the Courts of Record in London or Westminster, by service of the proper writ on the Company's Solicitor in London.

NEW RATES FOR LIFE INSURANCE.

These Premiums have been adopted by the Directors after much consideration, with a view to suit that large class of individuals who desire to secure a certain sum to their Representatives at the smallest annual expense to themselves, as well as those whose immediate object is to afford security to lenders or otherwise to facilitate money arrangements. A most favourable contrast with the Rates of Mutual Assurance Societies will at once be perceived on reference to these Rates: For example, a person at the age of 30 may secure £1,200. to his family, however early his death may happen, by an annual payment of £24. 19s., while the same Insurance in a Mutual Assurance Society would cost £30. 13s., besides a large entrance fee; a certain annual return of Premium amounting to £5. 14s. is thus secured, which, if disposed of by an additional Insurance, would secure a farther sum of £275., making in all £1,475., at less expense than an Insurance of £1,200. would cost with a Mutual Assurance Company; a consideration which with many will outweigh the expectation of future contingent profits.

Parties desirous of sharing in the Profits of the Company, may do so by paying a higher rate on the Mutual Principle, but free from all risk,—the Capital of the Company being pledged to the Policy-holders, while about 84 per cent. of the whole Profits belong to the Assured, and are periodically divided among Policies of five years' standing and upwards.

Every facility given to effecting Insurances.

Loans granted on the security of the Company's Policies to the extent of their value.

Parties allowed to pass, in time of peace, from one part of Europe to another, without additional Premium.

No Entrance Money charged.

EXTRACT FROM NON-PARTICIPATING TABLE:—

Annual Premium to Insure £100. at Death.

Age—25.	30	35	40	45	50	55
£1 17 1	£2 1 7	£2 6 10	£2 14 6	£3 5 9	£3 19 9	£5 0 0

ANNUITIES.

Parties desirous of Investing Money, to receive an immediate Annuity, will find the Rates given by this Company, liberal.

FIRE DEPARTMENT.

Insurances are effected on Liberal Terms. Farm Stock and Crop is Insured free from Government Duty. Damage occasioned by Lightning is made good.

BRITISH GUARANTEE ASSOCIATION.

INCORPORATED BY ACT OF PARLIAMENT.

SUBSCRIBED CAPITAL, £250,000.

The Association provides Security for the fidelity and faithful accounting of persons holding situations of trust, and by its Act of Parliament, is subject to the annual supervision of the Board of Trade.

The Lords Commissioners of Her Majesty's Treasury sanction the Policies of the Association being taken for Officers in every department of the State, who are required to give Security to the Crown; and the Directors receive

PROPOSALS FOR GUARANTEE FROM PERSONS EMPLOYED IN THE

TREASURY,
HOME OFFICE,
COLONIAL OFFICE,
EXCHEQUER,
ADMIRALTY,
WAR OFFICE,
ROYAL MINT,
ORDNANCE,
INLAND REVENUE (Stamps & Excise),
CUSTOMS,
WOODS AND FORESTS,
POST OFFICE,
THE COURT OF CHANCERY, AND
NEW COUNTY COURTS.

ALSO FOR OFFICERS UNDER THE

POOR LAW COMMISSION,
SAVINGS' BANKS,
FRIENDLY SOCIETIES,
LOAN SOCIETIES,
GOVERNMENT ANNUITY SOCIETIES.
BENEFIT BUILDING SOCIETIES, &c.&c.

All of which Policies, are, by the Act of Parliament, exempt from Stamp Duty.

The Policies of the Association are accepted by Banking, Insurance, Railway, Gas, Water, Shipping Companies, and all other Public Companies; also by Professional and Mercantile Establishments.

Forms of Proposal, and all information, can be obtained at the Offices of the Association in Edinburgh, London and Glasgow, or at any of the Agencies.

The Names of the Agents throughout Scotland, will be found on reference to the Classified Lists, under the various Towns embraced in this Directory.

Parties are put to no expense for the Policies excepting the Stamp Duty.

RATES OF PREMIUM.—One-Half to Two per Cent. per annum, according to the nature of the employment.

R. E. SCOTT, Manager.

NATIONAL LOAN FUND LIFE ASSURANCE SOCIETY.

26, CORNHILL, LONDON.

T. LAMIE MURRAY, Esq. CHAIRMAN.

CENTRAL BOARD FOR SCOTLAND,

Directors.

GEORGE GRANT, Esq. Advocate.
JOHN BROWN, Esq. of Marlie.
JOHN HUNTER, Esq. Auditor of Court.
ROBERT ANDERSON, Esq.

Physician—PROFESSOR LIZARS.

CAPITAL, £500,000.

EMPOWERED BY ACT OF PARLIAMENT.

This Society has recently made a modification of their Plan of Life Assurance calculated immensely to extend its benefits. By the withdrawal Table, the Insured may at any time obtain an advance of one-half of all Premiums, previously paid by simple endorsement without deposit of Policy, or Insured may retain one-half of his Premium at Interest for the whole period of Assurance.

This Board establishes Agencies—receives Proposals—issues Policies—admits Assignations, and settles Claims.

The present Annual Income of the Society from Premiums is £63,000.; the amount covered by the Policies of the Society is £1,781,580.; and the Reserved Profit, applicable to future Bonus to the Assured, amounts to £82,454. 5*s*. 6*d*. At the last Annual Investigation, reported in May 1850, the Bonuses declared to the Assured were, the option of a return of 15 per Cent. on their Premiums in cash, or a reversionary addition to the original sum assured by each Policy varying from 20 to 65 per Cent.

R. W. JAMESON, W. S.
Agent and Secretary to the Central Board for Scotland.

OFFICE, 80, Princes Street, EDINBURGH.

In connection with the above,

EQUITABLE FIRE OFFICE,

REGISTERED AND INCORPORATED.

CAPITAL, £500,000.

26, Cornhill, London.—T. LAMIE MURRAY, ESQ. CHAIRMAN.

The nearest approximation to the true risk is of the highest importance both to Insured and Insurers.

To secure this object, the EQUITABLE FIRE INSURANCE CO. is established.

The *true rate* of Premium can only be approached through classification and average. Whatever be the *nominal* rate, the Bonus or return periodically to the Insured will determine the true Premium Equitably payable, and the Insurer will best consult his interest by supporting a system, where, by combination of classification and average, the Premium will be truly proportioned to the risk.

With this view, an Annual Investigation will be made into each class of risk, and a return of one moiety, or 50 per Cent. of the net excess will be made to all classes of Insurers whose Policies have been in force for Three Years.

Insurance on every description of Property on the lowest terms.

Farming Stock Insured at 3*s*. per Cent. without the average clause.

Prospectuses and every information may be had at the Head Office, or of any of its Agents.

R. W. JAMESON, W. S.
Agent for Edinburgh.

80, PRINCES STREET, EDINBURGH.

ENGLISH AND SCOTCH
LAW LIFE ASSURANCE
AND LOAN ASSOCIATION,

EDINBURGH, 120, *Princes Street;* LONDON, 12, *Waterloo Place.*

ESTABLISHED 1839—Subscribed Capital, One Million.

DIRECTORS IN EDINBURGH.

HERCULES J. ROBERTSON, Esq., Advocate, Sheriff of Renfrewshire, *Chairman.*
JAMES ADAM, Esq., S.S.C.
CHARLES BAILLIE, Esq., Advocate.
JOHN BEATSON BELL of Glenfarg, Esq., W.S.
ALEXANDER HAMILTON, Esq , W.S.
ALLAN MENZIES, Esq., W.S., Professor of Conveyancing in the University of Edinburgh.
RALPH ERSKINE SCOTT, Esq., Accountant.
WILLIAM SMYTHE of Methven, Esq., Advocate.
JAMES STEUART, Esq., W. S.

Physician,—DR. ADAM HUNTER, 18, Abercromby Place.
Bankers,—THE UNION BANK OF SCOTLAND, Parliament Square.
Secretaries and Solicitors,—Messrs. HOPE, OLIPHANT, & MACKAY, W.S.
Manager,—WILLIAM SMITH, Esq.

The leading features of the business carried on by the Association are the following:—

I. EVERY DESCRIPTION OF RISK CONTINGENT UPON LIFE, WHETHER CIVIL, NAVAL OR MILITARY, AT HOME OR ABROAD.
II. A COMPREHENSIVE SYSTEM OF LOAN, IN CONNEXION WITH LIFE ASSURANCE, ON REDEEMABLE ANNUITY, OR ON PERSONAL OR OTHER SECURITY.
III. ANNUITIES—IMMEDIATE, DEFERRED AND CONTINGENT; AND ENDOWMENTS.
IV. NON-PARTICIPATION POLICIES ON A REDUCED SCALE OF PREMIUMS.
V. SINGLE PAYMENT (*Deposit*) ASSURANCES ON FAVOURABLE TERMS.

THE POLICIES

Of the Association are effectually secured by a protecting CAPITAL of ONE MILLION STERLING, fully subscribed by a numerous and wealthy body of Proprietors, and thus present a most advantageous mode of Investment for Family Provision, with an entire exemption from responsibility.

THE PREMIUMS

Are made payable Yearly, Half-Yearly, Quarterly, for a limited Number of Years, or in a Single Payment—at the option of the Assured. One Half of the Annual Premiums may remain Unpaid for Five or Seven Years on Policies effected for the Whole Term of Life.

THE PROFITS

Are divided at each Septennial Investigation, among all Policy-Holders of three Years' standing on the Participation Scale, according to an approved and equitable system of Division whereby substantial justice is secured to all the Assured; no preference being given to the earlier Entrants, either by an indefinite postponement of the Period of Investigation,—by drawing back at each Division to the date of the Original Assurance,—or by any other modification of the *Tontine* principle, as opposed to that of pure *Life Assurance*, whereby the interests of New Entrants are exposed to an unequal and disadvantageous competition with those of the Older Members.

THE FIRST INVESTIGATION

Took place at Christmas 1846, when a BONUS OF TWO PER CENT PER ANNUM was added to all Policies entitled to participate in the Division.

BONUS ADDITIONS AT CHRISTMAS 1846.

Policy opened.	Amount insured.	Bonus added 1846.	Total amount.
In January, 1840.	£2000	£280	£2280
	1000	140	1140
	500	70	570

THE SECOND INVESTIGATION

Will take place at Christmas 1853, when all Policies entitled to participate will receive Bonus Additions at the rate then to be declared. The Bonus Additions vest immediately on declaration, and they may be appropriated in any of the following ways:—

I. As a permanent addition to the SUM ASSURED by the Policy.

II. In reduction of the ANNUAL PREMIUMS payable during the succeeding SEVEN YEARS; or until the next declaration of Bonus, when a similar reduction may be effected for the succeeding period.

III. In reduction of ALL THE FUTURE PREMIUMS payable under the Policy,—a further reduction of which may be made at the next declaration of Bonus.

IV. By an Immediate CASH-PAYMENT of the present value of the Bonus.

Intending Assurers are particularly requested to observe that they have thus placed *within their own choice* every possible mode of appropriating the Bonus Additions declared upon their Policies in the way which they may consider most suitable to their own views and circumstances.

NO ENTRY MONEY IS CHARGED.

Prospectuses, with full Tables of Rates, Forms of Proposal, &c., may be obtained at the Head Office in Edinburgh, or from the Local Agents throughout Scotland, whose names will be found on reference to the Classified Lists under the various towns embraced in this Directory.

By order of the Edinburgh Board of Directors,
HOPE, OLIPHANT & MACKAY, *Secretaries.*

Scottish Provident Institution,

No. 14, ST. ANDREW SQUARE, EDINBURGH.

LONDON, 12, Mooregate Street. GLASGOW, 67, St. Vincent Street.

INCORPORATED BY ACT OF PARLIAMENT.

Attention is invited to the Principles of this Society, as explained in the Prospectus and Annual Reports, copies of which may be had on application. Its provisions combine the several advantages of

Mutual Assurance, with special exemption from personal liability.

Division of the whole Profits among the Policy-holders, on a peculiarly equitable principle,—the Surplus being reserved for those whose Premiums, with accumulated Interest, amount to the Sums in their Policies; in other words, for those by whose longer contributions alone it has been created.

Premiums on the most moderate scale consistent with perfect safety,—being at early and middle ages about *a fourth lower* than in other participating Offices, and

The utmost liberality in practice consistant with right principle. Resolutions were adopted at the General Meeting in 1849, having the effect of rendering

POLICIES INDEFEASIBLE EXCEPT ON THE GROUND OF FRAUD.

Examples of Annual Premium to Assure £100. at Death.

Age 25.	30	35	40	45	50
Prem. £1 18 0	£2 1 6	£2 6 10	£2 14 9	£3 5 9	£4 1 7

The Premiums may be made to cease entirely after a limited number of payments. Those payable during 21 years only will be found nearly the same as most Offices require for the whole of life.

JAMES WATSON, Manager.

Edinburgh, October, 1850.

Information may be obtained from, and Assurances transacted through the Society's Agents throughout the country—whose names will be found from the accompanying Directory.

37, CORNHILL, LONDON; and 52, DAME STREET, DUBLIN.

LIFE DEPARTMENT.

The Third Investigation will take place as at 1st August, 1851. *Parties effecting Insurances on the Profit Scheme on or before 31st July next, will be entitled to participate in the Bonus then to be declared.*

Parties may effect Assurances with this Company, either for a specific sum payable at Death on payment of a reduced rate of premium, or they may participate in the Profit Scheme of the Company, on payment of an increased rate. No Entry Money is charged.

Assurances may also be effected on the INCREASING or DECREASING Scales, and on JOINT LIVES and SURVIVORSHIPS.

TWO-THIRDS of the profit arising on the Participating class of Policies *(without being subject to any charges for management)* are divided EVERY FIVE YEARS among those entitled to participate, on the MOST EQUITABLE PRINCIPLES, viz., in the proportion each party has contributed to the fund.

The Bonus declared upon Policies entitled to participate, effected prior to 1st August, 1846, averages more than one and three-quarters per cent. per annum on the original sums insured, as exhibited in the following

Table shewing the additions made to Policies of £1,000. each, which have been in existence twelve complete years from 1st August, 1834.

WILLIAM SIM,

QUARRIER AND STONE MERCHANT,

FURNACE GRANITE QUARRIES,

INVERARY, ARGYLESHIRE;

ALSO SOLE LESSEE OF THE

BONAW (FINE GRAINED) GRANITE QUARRIES,

Begs respectfully to intimate, that he is extensively engaged in the supplying of various descriptions of Granite Material for Works of Utility, and for Ornamental purposes, such as Monuments, Tombs, &c. He begs to call the special attention of parties interested in the formation or maintaining of important Street Thoroughfares, to the material which he supplies for Paving purposes, and to the undernoted certificates in its favour.

CERTIFICATES IN FAVOUR OF THE MATERIAL.

Extract from the Minutes of a Meeting of the Police Board for Glasgow, held the 18th day of July, 1844.

"Mr. Lindsay, Convenor of the Committee on Statute Labour and Paving, submitted to the Meeting an application, by letter, dated London, 10 July 1844, addressed to him by Messrs. W. & C. Sim, Contractors, requesting that he would procure from this Board an opinion of the quality of the Granite wrought by them at Furnace Quarry, near Inverary; and the Board having taken this application into consideration, unanimously resolve, that it is due to Messrs. Sim to certify, as they now do, that after having fairly and fully tested the said Granite, they have found it to be the best that has been ever used on the streets of Glasgow; that it is wholly unsurpassed in regard to durability; and that, in other respects, it has been well ascertained to be of superior quality. The Board therefore, cheerfully bear this testimony to the quality of said Granite; and authorise an Extract from these Minutes to be furnished to Messrs. Sim."

Extracted from the Minutes of the Police Board, by
JOHN BURNET, *Clerk of Police.*

Glasgow Herald, 3rd August, 1849.

"The advantages of the Inverary Granite are already apparent on many of our main lines of street, and it now requires no introduction to those who are concerned in the extensive cart and carriage traffic which daily passes along our thoroughfares, especially from the coal and iron depôts to the Harbour. By and by its advantages will be no less apparent to the rate-payers in the diminished amount of their assessment, for when once all the main lines of street are laid with it, it is computed that the streets may be maintained for half a century at a trifling per centage, instead of requiring to be so frequently repaired and relaid at great expense, and inconvenience to the public. The stone is of the nature of a porphyr, and possesses remarkable self-cleansing powers, a smart shower gives it a surface so bright and sparkling, that it seem a pity again to defile it with hoof or wheel. Aberdeen granite has been prized over the kingdom for its adamantine qualities, but in it, in the process of boring, a good tool will bore 12 to 17 inches without requiring sharping or renewal; but, in the Inverary Granite, after boring two inches, the same class of tool is completely blunted. Many of the most important streets have now been paved in the most durable manner with this truly most valuable material; and, as soon as all can be completed, the functions of the Commissioners of Paving will be confined to merely maintaining what may be termed the 'Permanent Way.'"

Extract from the Minutes of a Meeting of the Police and Statute Labour Committee of the Town-Council of Glasgow, held 10th March, 1851.

The Honourable Sir James Anderson, Lord Provost, in the chair.

The Committee on Statute Labour and Paving reported the following extract from their minutes, viz.,—"The Committee considered an application by Mr. Wm. Sim, on behalf of Messrs. W. & C. Sim, Contractors at Furnace, near Inverary, for a Certificate in regard to the quality and utility for paving purposes of the Granite produced and furnished by them from their Quarry at Furnace, under a lease from his Grace the Duke of Argyle, and the Committee agreed to recommend this application to the favourable consideration of the General Committee." The Meeting approved of the Committee's recommendation, and authorised, and do hereby authorise the Superintendent of Streets, and the Clerk, in name and behalf of the General Committee, to bear testimoney to the excellence of the quality of the Granite supplied by Messrs. Sim from the Quarry at Furnace, for paving the streets of the City.

Extracted from the Minutes,
JOHN BURNET, *Clerk.*

"We, John Burnet, Writer in Glasgow, Clerk to the Police and Statute Labour Committe of the Town-Council of Glasgow, and John Carrick, Architect, Superintendent of Streets and Buildings in Glasgow, do hereby certify, that we have had experience of the Quality of the Granite furnished by Messrs. W. & C. Sim, from their Quarry at Furnace, near Inverary, for the last ten years; that it has been used during that time in paving some of the principal Streets of Glasgow, as well as Glasgow Bridge; and that it has given the highest satisfaction to the authorities of the city, and to the inhabitants generally. Its durability is wholly unsurpassed, and we have no doubt that the use of it for paving purposes will prove of lasting benefit to this community."

Given under our hands at Glasgow, the 4th day of April, 1851.

JOHN BURNET.
JOHN CARRICK.

THOMAS GORRIE,

MANUFACTURER OF

IRON & WIRE WORK,

Respectfully calls the attention of the Nobility, Gentry, and Farmers to the undermentioned, which he Manufactures on the most approved principles, and at the following unprecedented low prices :—

Strong Wire Netting,	18 inches wide,	for excluding	Hares and	Rabbits from	Gardens, &c.	6d. and 7½d. per yd.
Ditto	ditto	2 feet wide, for	ditto	ditto	ditto	8d. and 10d. per yd.
Ditto	ditto	2 feet 6 inches wide, for		ditto	ditto	10d. and 12½d. per yd.

Various other sizes at proportionable rates.

Sheep Racks, 6 feet in length, with Covers, from £2. to £2. 15s.
Tree Guards, for Horses, Cattle, and Sheep, from 9s. 6d. each.
Hurdles, or Portable Fences, for Horses, Cattle, and Sheep, from 2s. 2d. per yard.
Field Gates, 9 feet by 4 feet high, of superior workmanship, and material from £1. each.
Tension Bridges.—If the Bridge does not exceed 30 feet in span, 18s. per foot.
Ditto. If the Bridge exceeds 30 feet in span, and does not exceed 65 feet, £1. 3s. per foot.
Also Measuring Chains, with round or oval rings, the round from 4s. 6d., the oval from 9s. 6d.

Specimens of the above Articles were exhibited at the *Royal Northern Agricultural Society's* Exhibition, at *Aberdeen.* and were highly commended by the Judges, on account of their cheapness and *superior* workmanship. The above are only a few of the Articles Manufactured by T. G., who will be most happy to forward a List of Prices, with Illustrated Specimens and Patterns of Netting (post free) to those who may require them.

"CHEAP AND SUPERIOR WIRE WORK."

"It has always been matter for regret with us, that in noticing the *Royal Northern Exhibition* at *Aberdeen*, we should so far have overlooked the excellent Specimens of this useful description of work, produced by Mr. Thomas Gorrie, of Perth. This manufacturer has put forth iron and wire fences for horses, cattle, sheep, and lambs—amazingly cheap, and nearly equally efficacious wire fences stapled to wood-posts—iron and wire deer, and the hare and rabbit fences so much in request, including a very eligable description of portable hare and rabbit flakes and fences, besides the webs of strong hare and rabbit proof netting—perhaps the greatest desideratum for a farmer in the vicinity of preserved game—the strong wire net and racks for sheep, all at prices which certainly give our friends in the vicinity of Perth immeasurable advantages, which we trust may soon be extended to more remote distances, as our readers become acquainted with Mr. Gorrie's tariff of rates and the excellence of his workmanship, attested, we observe, by such improvers as Mr. Bell, factor to Lord Gray of Kinfanns, Sir David Dundas of Dunira, and Captain Hay of Seggieden. We are unable, within the scope of this notice, to call attention to many other articles of Mr. Gorrie's iron and wire work, deserving special notice; such as his wire cloths for dairies, larders, &c. his flower tables and stands, wrought iron tree guards, hurdles, gates, and tension bridges. But his elegant conversation garden seat, with the initials of the most exalted personages of the realm, interwoven gracefully in the pattern, merits particular observation, as one of the most pleasing novelties of the kind we have lately seen."—*From the Scottish Agricultural Journal.*

AND

MALTSTER,

DERWENTHAUGH, NEAR NEWCASTLE-UPON-TYNE,

Counting House, Broad Chare, Newcastle-upon-Tyne.

Report on the Quality of Ramsay's Newcastle Cannel Coal, for the Manufacture of Gas,

BY DR. ANDREW FYFE, M. D.

Professor of Chemistry, King's College University, Aberdeen.

The sample of *Ramsay's Newcastle Cannel Coal*, sent to me for analysis, yielded on an average of several trials, 9·746 cubic feet of gas from the ton of Coal.

The weight of Coke from the same quantity amounted to 13½ per cwt.; hence 100 of Coal yields 67½ of Coke.

The specific gravity of the gas varied from 554 to 580 compound, to that of air as 1,000.

The illuminating power of the gas, when tried by the chlorine test, was found to vary from 12 to 13. The average of numerous trials was 12·5.

The gas, when burned from a single jet burner, having an aperture of 1·33 of inch in diameter, and with a flame of 5 inches in length, required for the consumption of a cubic foot, from 57 min. 30 sec., to 65 min., the average of numerous trials was 62 min., or nearly one foot per hour.

The gas was free from impurities, such as sulphuretted hydrogen, &c.

In fixing the *value of the Coal*, the return for Coke, ammoniacal liquor, &c. is not taken into account.

I may state that the Coal which *Ramsay's Newcastle Cannel Coal* mostly resembles, is that of the Marquis of Lothian's, extensively used in Edinburgh for the manufacture of gas. The quantity of gas afforded by both and the illuminating power, and durability of their gases, are very nearly the same; the value of the Coals, for the purposes of illumination, by the consumption of their gas, may be considered the same.

The Newcastle **Cannel Coal,** *however, affords a larger quantity of* **Coke;** *accordingly, if taken into account it will give it* **superiority.**

JAMES L. ANDERSON,

ARBROATH,

Manufacturer of

WATERPROOF OIL SHEETS

FOR RAILWAY TRUCKS,

COVERS FOR CARTS AND HORSES,

TARPAULINGS, COAL AND COKE BAGS,

MARQUEES, TENTS, &c. &c.

PHILP'S ROYAL HOTEL,

BRIDGE OF ALLAN.

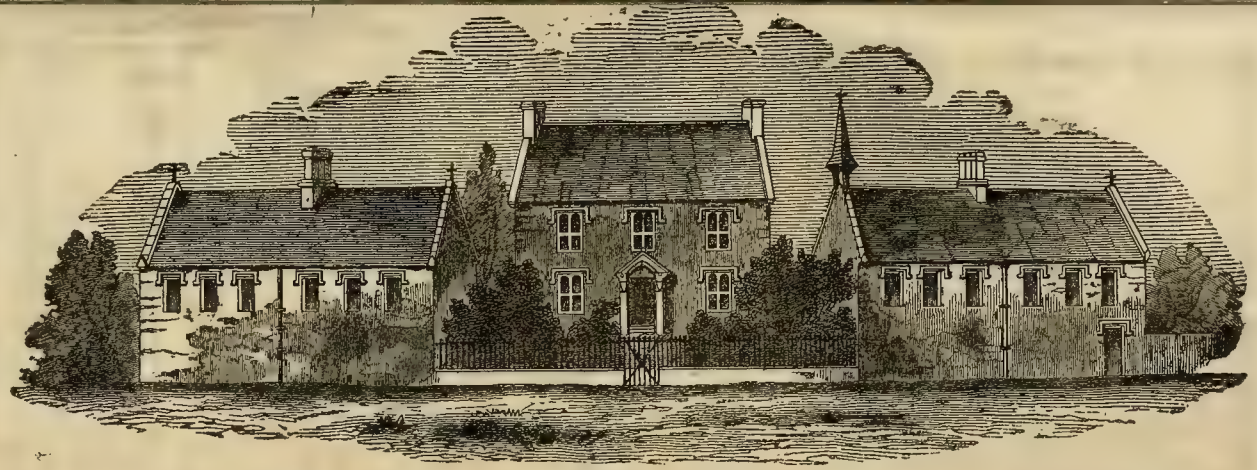
AT THIS HOTEL, FAMILIES AND GENTLEMEN VISITING THE

CELEBRATED AIRTHREY MINERAL SPRINGS,

Will find *First Class Accommodation,* as it is conducted on principles uniting every Comfort with Economy. A Table d'Hôte daily during the Season.

The Hotel is situated in a most beautiful locality, Three Miles from Stirling, and has the advantage of many fine Country walks and Romantic drives to Callender, Trosachs, Loch Katrine, Aberfoyle, Lake Monteith, Drummond Castle, Rumbling Bridge, Caldron Linn, Castle Campbell, &c. &c.

ST. MARGARET'S COLLEGE, CRIEFF, PERTHSHIRE.



FOR THE EDUCATION OF YOUNG LADIES.

Visitor—The BISHOP of ST. ANDREWS.

Principal—The Rev. A. LENDRUM, M.A. | *Lady Superintendent*—Mrs. LENDRUM. | *Head Governess*—Miss DONNE. | *Second Governess*—Miss WARD.

The great deficiency in sound Religious Instruction, and the neglect of the more solid parts of English Education, too commonly met with in Young Ladies' Boarding Schools, are evils which have been long felt and deplored.

It is with the view of remedying these deficiencies that ST. MARGARET'S COLLEGE has been established. Its objects accordingly are:—

1st.—The careful and systematic training of its inmates in the principles of the Church.
2dly.—The combination of a sound English Education with the acquirement of more ornamental attainments.
3dly.—The removal of the ordinary discomforts and temptations of school life, by modelling the whole arrangement and discipline of the College upon the plan of a well regulated family.

CRIEFF possesses every advantage that can be desired for an Establishment of this kind Situated in the beautiful vale of Strathearn, at the foot of the Grampians, the salubrity of its climate and the grandeur of its scenery can hardly be surpassed. Within Ten Miles of a Railroad Station,* the communication with Edinburgh, London, and all parts of the Country, is both speedy and direct.

The utmost care is taken, both in the arrangements of the College, and in individual superintendence, to ensure perfect purity of accent.

As it is one of the objects of the Managers of this College, that parents shall be able to calculate exactly the expense of sending their children to School, there will be no extras whatever, except for Books, Stationary, and working materials.

Terms payable Half-Yearly in advance, for Young Ladies under Twelve—Fifty Guineas a Year, above Twelve—Sixty Guineas.

For every four Pupils paying the foregoing Terms, one Clergyman's daughter will be received at Half the amount.

There are two Vacations in the year—one of two months in the Summer, and one of three weeks at Christmas. The Pupils will be allowed to remain at the College, free of expense, during the Christmas Vacation; but for those who do not return home in the Summer, an extra charge of £10. each will be made.

The Spring Term commences January 9th, and ends July 9th. *The Autumn Term commences September 9th, and ends December 19th.*

Subjects included in the course of instruction pursued at this College:—Religious Instruction under the Superintendence of the Reverend the Principal.

GRAMMAR AND ETYMOLOGY, HISTORY CIVIL AND ECCLESIASTICAL, GEOGRAPHY AND USE OF THE GLOBES, USEFUL AND ORNAMENTAL NEEDLE WORK, ARITHMETIC, FRENCH, GERMAN, ITALIAN, DRAWING, MUSIC, SINGING, DANCING,
LATIN AND ALGEBRA IF REQUIRED.

When desired, reference may be made to the BISHOP of the DIOCESE; the DOWAGER COUNTESS of GLASGOW; the COUNTESS of DUNMORE; Lady TREVELYAN, Nettlecombe, Taunton, Devon; the Honourable G. F. BOYLE, Cumbrae; the Rev. the WARDEN of TRINITY COLLEGE, Glenalmond, Perth; the Rev. ERNST HAWKINS, Secretary to the Society for Propagating the Gospel, Pall Mall, London; the Rev. GEORGE NUGEE, 13, Lowndes-street, Belgrave-square, London; the Rev. MILES ATKINSON, Head Master of the Grammar School, St. Bees; CHARLES HEBERDEN, Esq. 10, Old Square, Lincoln's Inn, London; W. A. Eader, Esq. the Albany, London.

ALEX. LENDRUM, M.A. Principal.

* Greenloaning, the Scottish Central, whence there are Coaches to CRIEFF twice or thrice-a-day.

GENTLEMEN'S NEW CLOTHING
AND
OUTFITTING ESTABLISHMENT,
50, NEW BUILDINGS, NORTH BRIDGE,
EDINBURGH.

TURNBULL & CO.
WHOLESALE AND RETAIL
MERCHANTS AND CLOTHIERS,

Respectfully beg to apprize their Friends and the Public that they have entered extensively into the CLOTHING and OUTFITTING BUSINESS, and that they are now prepared to execute orders, having engaged *first class* Foremen Cutters, and Superior Workmen to enable them to supply every description of

GENTLEMEN'S DRESS,

IN THE BEST STYLE OF

FIT AND WORKMANSHIP.

T. & Co. in respectfully soliciting a share of public favor, refrain from boasting of being able to give better value than all others in the trade, or that any extraordinary facilities have been afforded them for embarking in this business, but would rest their claims to public Patronage upon the following grounds :—

That from a long and intimate connexion with the most eminent Manufacturers in England, Scotland and the Continent, they are enabled to purchase their Goods on the best terms, avoiding all intermediate profits.

That in carrying out their arrangements they are resolved to adopt and adhere to the system of keeping no article of inferior quality—of invariably charging the smallest remunerating profit, and of energetically giving the most scrupulous attention to the tastes and wishes of their Customers.

Before engaging their principal foreman Tailor, they spared no pains in London and elsewhere, to obtain a person of high qualifications, and they venture to hope that their exertions in this respect have been successful.

T. & Co.'s Buyer has recently returned from the various Markets, with a choice assortment of New Goods, and will continue periodically to devote his attention to the selection and purchase of Stock suited for the seasons, thereby securing the **Newest and Best Styles** as soon as they appear.

They would only farther beg to add what they consider indispensable for the information of their Friends and the Public, that their PRICE LIST has been calculated at the lowest rate for Cash Payments, and in the expectation of large and quick returns.

KER'S INN,
DUNBLANE.

This INN has lately been refitted and has now Accommodation suited from the Prince to the Peasant. The unceasing study of its present Occupiers to combine Comfort with Economy, renders it a perfect "DOMESTIC HOME."

It is beautifully situated by the ALLAN WATER, where is *Splendid Angling* for Strangers, and surrounded by magnificent Walks, Views and romantic Drives to the Principal Objects of greatest Interest in the Kingdom. It is within 100 yards of the Railway Station on the Line leading either from Edinburgh or Glasgow, to Perth and Dundee; and is about a mile from the *Mineral Springs*, which, for Medicinal Properties, rank amongst the first in the known world; and it is within a half-hour's walk, or five minutes' ride of the beautiful Village

"BRIDGE OF ALLAN."

STEAM ENGINES MADE AND REPAIRED.

Improved Cylindrical Inking Tables, Roller Moulds, Chases, and EVERY ARTICLE CONNECTED WITH THE TRADE.

SALISBURY HOUSE SCHOOL,

EDINBURGH.

NUMBER OF BOARDERS LIMITED TO TWENTY-FOUR.

Conducted by E. R. HUMPHREYS, LL. D.

Lately for two years Head English and Classical Master in MERCHISTON CASTLE ACADEMY.

MASTERS:

Classics, English History, Composition—Dr. HUMPHREYS.
Mathematics—JOHN B. KEARNEY, Esq. B. A., Wrangler of St. John's College, Cambridge, Author of "The Cambridge Mathematical Tracts, &c."
Commercial Department, with Mapping & Land Surveying—Mr. GEORGE A. MANSFIELD, M. C. P., lately Head-Commercial Master at Elstree-Hill School, England.
Assistant English and Classical Master—REV. JOHN LYALL.
The French Language—Monsieur GABRIEL SURENNE, F. A. S., Scot. Author of "The French Pronouncing Dictionary, &c." Lecturer on Military History and Antiquities in the Scottish Naval and Military Academy.
The German Language—Herr LOEWENSTEIN.
Drawing—Monsieur D. F. SURENNE.
Fencing and Gymnastics—M. FRANCALANZA.
Architectural and Military Drawing—Mr. RUTHVEN.

To Pupils destined for the ENGLISH UNIVERSITIES and MILITARY COLLEGES, this Establishment must offer peculiar advantages, as DR. HUMPHREYS was formerly very successful as a Tutor in preparing Students for HONOR EXAMINATIONS in Classics, at Oxford and Cambridge; while the Mathematical Master's recent experience has been such as to qualify him in more than an ordinary degree to prepare Pupils for the Military Colleges.

The entire system of the School has been arranged with a due regard to each of the three great elements of sound education, so that while the Intellectual occupies a prominent place, the Moral and the Physical are also carefully attended to. With the view of promoting the last a plot of Flower-Garden is allotted to each of the Pupils, and their exercises in the Gymnastic-room and on the Play-ground are superintended by the Principal, who has derived from former experience a strong conviction of the advantages that result from the Master's joining in the exercises and sports of the Pupils.

The situation of Salisbury House is one of the healthiest and most picturesque in the vicinity of Edinburgh; it is seated at the foot of Arthur's Seat, by which it is protected from the bleak east winds.

Address to Dr. HUMPHREYS, SALISBURY HOUSE, NEWINGTON, EDINBURGH.

ELSWICK, BENWELL, SCOTSWOOD AND NEWCASTLE

FIRE BRICK, CRUCIBLE, CHIMNEY TOP, VASE, PEDESTAL AND GAS RETORT MANUFACTORY.

ALSO, SOLE MANUFACTURERS FOR THE NORTHERN COUNTIES, OF THE

Improved Patent Fire Clay Pipes,

For Churches, Halls, Conservatories, Alkali Works, &c.

R. LISTER & SON,

In drawing attention to the above articles, would respectfully intimate to their Friends and the Public, that they have introduced every improvement experience has brought out. The articles they make are manufactured from a very peculiar quality of Clay, favourable to the locality, not to be equalled in the Northern Counties.

THE VASE AND PEDESTAL MANUFACTORY

Combines every work of art of the most chaste Antique or Modern Patterns, suitable for the Hall, the Passage, or the Garden, which they warrant impervious to the weather.

TO PROPRIETORS OF ALKALI WORKS, &c.

To those connected with the laying down Pipes for the heating of Churches, Chapels, Halls, Conservatories, or Alkali Works, Pipes made from the above Material will be found to be a valuable *desideratum*, they resisting the deleterious action of chemical corrosion which Pipes made from Iron are subject to.

SMOKY CHIMNIES.

Chimney Tops of every description, adapted particularly to obviate the evil of Smoky Chimnies, which are quite equal to any at present in use.

Lamp-Black, Coal Tar, Naphtha, Pyroligneous Acid, and Sulphate of Barytes.

BRIDES' CAKE AND CONFECTIONARY ESTABLISHMENT,

27, FISHER STREET, CARLISLE,

(Late Mrs. HORNSBY'S.)

JOHN BITSON,

Begs leave very respectfully to return his most grateful acknowledgements to the Nobility, Gentry and the Public in general, for the Patronage he has been favoured with during the Three Years he has been in the above Establishment; and further begs to state, that he

CONTINUES TO MAKE ON THE SHORTEST NOTICE,

BRIDES' CAKE AND CONFECTIONARY OF EVERY DESCRIPTION.

Mrs. R. having had the management of her Aunt's (Mrs. Hornsby) Business for upwards of Fifteen Years, he (Mr. R.) can confidently recommend all that he deals in, to be of the same Sterling Quality that gave to Mrs. Hornsby's Establishment so much Celebrity.

MANUFACTURER OF

SHOWER, HIP AND PLUNGE BATHS,

IN COPPER, ZINC, AND GALVANIZED IRON.

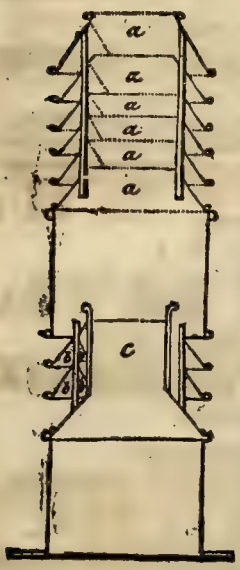
ZINC EAVES AND FALL PIPES.

COOPER'S

REGISTERED CHIMNEY TOPS,

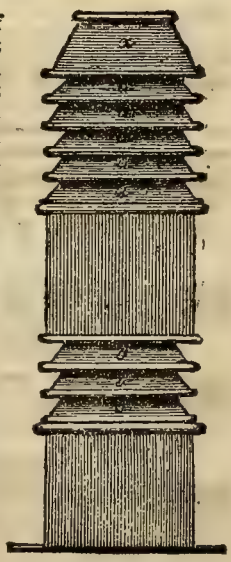
ARE THE MOST EFFECTUAL CURE

FOR DOWN-DRAUGHTS AND OTHER CAUSES OF SMOKY CHIMNEYS.



These are accomplished by Two Sets of Louvres and an inner Flue. The lower Set of Louvres are constructed so that they will give a direction to the wind impinging against them, and cause an upward current. The Top Louvres also tend to increase the upward draught, while at the same time they afford a ready outlet for the wind should it blow into the Chimney Top; and if the whole force of the wind be not expended through the Top Louvres, then the rarified air in the Inner Flue, which it should be observed is carried above the Louvres, assisted by the draught from them will effectually check its passage into the Chimney.

In this Chimney Top there can be no lodgment of Soot, the wind blowing constantly through it: there is no revolving machinery to get clogged with Soot and rendered useless, and it is the only efficient Zinc Chimney Top yet Invented which can be thoroughly swept by the Machine without injury.



15, WICKER LANE, SHEFFIELD.

LADIES' DRESS BUTTONS OF PRESENT FASHION.

THE PATENT EYELET-HOLE AND WIRE CENTRE TROUSER BUTTONS,

So much preferable to all other Brace Buttons, in consequence of their adaptation to prevent cutting the Thread.

Manufacturer of the Newly-Invented Registered Shawl and Dress Pin,

The point of which being protected, prevents the possibility of wounds, and other objections to which the common Pin or Brooch is liable.

THE PATENT POINT PROTECTED NURSERY PIN,

For Children's Underclothing, &c. is now extensively used throughout the United Kingdom; and no Nursery should be without it, as it is the only article of the kind combining serviceability with certain protection from wounds.

The Patent Ever-Flat Indestructible Dress Fastener

Is designed to supersede the use of the common Hook and Eye, which inflicts so many inconveniences upon female dress, either by its projecting from, or by causing a great destruction to the garment, when under the hands of the laundress. The Patent Flat-Fastener obviates all these difficulties, being as flat as the surface of the dress—simple in structure, secure when fastened, and warranted not to be injured by iron or mangle.

THOMAS CLARK,

MANUFACTURER OF

SHETLAND WAREHOUSE,

No. 126, PRINCES STREET, EDINBURGH.

By Special Appointment.

CHARLES MUIRHEAD,

POULTERER AND GAME DEALER,

TO HER MAJESTY

FOR SCOTLAND,

79, WEST END OF QUEEN STREET,

EDINBURGH.

PORT DUNDAS POTTERY COMPANY,
GLASGOW.

Manufacturers of every Description of

CHEMICAL APPARATUS, SALT GLAZED STONE WARE

IN

GLASS-LINED SPIRIT JARS AND BOTTLES, BUTTER POTS, PICKLE JARS, &c.

ROCKINGHAM, EGYPTIAN BLACK AND COMMON BLACK TEAPOTS,

AND ALL KINDS OF CANE WARE.

Superior Glazed and Vitrified Stoneware,

DRAIN AND WATER PIPES.

The Sockets and Pipes being made in one entire piece by New Patent Machinery are secure from separation, and Steam Pressure being used, makes the body much denser than by the common process; and consequently stronger and more durable. The smaller bores being capable of standing a very great pressure, are admirably adapted for the conveyance of Pure Water to Public Works, Country Mansions, &c., or Liquid Manure from the Farm Steading to the Fields.

THOMAS CLUNES,

PLUMBER, BRASS FOUNDER AND GAS FITTER,

196, *GEORGE STREET, ABERDEEN.*

PATENTEE AND MANUFACTURER OF THE NEWLY-INVENTED

ROTARY PUMP.

The novelty of the Rotary Pump consists in the extreme Simplicity of its external part the great quantity of Fluids delivered, and the Small Space it occupies.

The ROTARY PUMP has no parts which are liable to any serious derangement. It is admirably adapted for the Farm Yard, the Manufactory, or for Shipping purposes; whilst its neat external appearance claims for it a place in all Domestic Establishments, where the ordinary Pump Mechanism might be a disfigurement.

The ROTAY PUMP can be had mounted on Pillar, or with Bracket for fixing on the wall. For Beer Engine purposes it is unexceptional in its use, and when thoroughly known, must entirely supersede the Old Machines.

T. C. looks with the utmost confidence, to the utility of his Invention establishing its general use—and for the most perfect satisfaction of its efficiency, for all the ordinary purposes of Pump Power.

Prospectuses containing Engraving of the Model and Plan of Working, &c. will be forwarded on application to the Patentee and Manufacturer,

T. CLUNES, 196, GEORGE STREET, ABERDEEN.

BALLATER.

MONALTRIE ARMS HOTEL AND POSTING HOUSE.

JAMES ROSS,

Most respectfully tenders his thanks to the Nobility, Gentry and the Public in general, for the kind and liberal support he has received for the last Eighteen Years in the above HOTEL, and begs to assure them that it will be his continued study to deserve their support by paying every attention to those who may favour him with their Patronage. The Hotel has been recently enlarged, papered, and painted, with other extensive Improvements, including the addition of HOT and COLD BATHS.

The MONALTRIE ARMS INN AND HOTEL is one of the largest and most commodious on Deeside, and being in the vicinity of Balmoral (Her Majesty's Residence in Scotland), Tourists will find Ballater thre most eligible point for visiting Balmoral Castle, Abergeldie Castle, Birkhall, and the far-famed Loch-na-ga-Falls of Muick, and the Falls of Garrawalt, in the Forest of Ballach Bowie. The walks and drives in the neighbourhood are of the most beautiful and romantic description, being in the midst of the finest scenery in Scotland,

J. R. has made large additions to his Posting Establishment in Horses and Vehicles, including Job and Saddle Horses, Open and Close Carriages, Gigs, with careful and intelligent drivers, well acquainted with the surrounding country and scenery; and their being now a good supply of Post Horses at every stage between Perth and Aberdeen, by Braemar and Ballater, and northwards from Ballater to Inverness, by Huntly, Travellers run no chance of being detained on the road.

Guides and Ponies supplied to Loch-na-gar and other interesting Places. Mail and Stage Coaches daily to and from Aberdeen and Braemar.

DAVID HAMILTON,
ORGAN BUILDER TO THE QUEEN,

ESTIMATES AND SPECIFICATIONS WITH DESIGNS OF FRONTS FURNISHED.

"*Remarks on Organ Building and the causes of defective Instruments,*" addressed to those interested in the Erection or Repairing of Organs in Churches, Chapels or Public Halls, will be forwarded, postage free, on application.

WEST OF SCOTLAND
ELECTRO-PLATING AND GILDING ESTABLISHMENT,
300, *BUCHANAN STREET, GLASGOW.*

Under License from Messrs. Elkington, Mason & Co. Patentees.

The above Establisment is the only one of the kind in Scotland, and has now been in existence since 1847. Within the last few months, important alterations and extensions have been made, for the purpose of giving increased facilities in the Manufacture of ELECTRO-PLATED GOODS OF EVERY DESCRIPTION, as furnished by the first Establishments in England.

The attention of the Public is directed to the great superiority of the Goods produced by this process over all the other methods hitherto in operation, both in regard to Quality and Moderate Prices.

Patterns of every description of New Goods may be seen at the Works: and all OLD ARTICLES CAN BE RE-PLATED in such a manner as to have every appearance of New Goods, and on strictly Moderate Terms.

Contracts entered into with Merchants, Steam Boat Companies, and Hotels, for supplying all descriptions of Plated Goods, and Re-plating Old, according to the wish of the parties.

(*From the practical Mechanics' Journal, Glasgow, June* 1, 1849.)

"The art of coating metallic articles with a thin film of gold or silver, exhibits one of the most perfect of the practical applications of the chance discoveries of scientific men. In the hands of close observers, the deposition of a metallic coating from the sulphate solution in a galvanic battery, has been worked up into a valuable branch of industry, the extent of which it is impossible to define.

"Up to a late period, Birmingham, as the seat of the metal manufacture, has almost entirely monopolised the working of the process, but we are glad to find that our own immediate neighbourhood is beginning to feel the benefits arising from its introduction here.

"Under the title of the West of Scotland Electro-Gilding, Plating and Refining Establishment, an excellently arranged building has been erected at the head of Buchanan street, and the several processes above-named are now being carried on under experienced management. As the commencement of a trade which may be said to be new to the Country, the trial is worthy of remark; and more especially when it offers so many points of interest as attach to every step in this philosophical pursuit.

"Although on so small a scale, we find that all the different classes of work ordinarily to be found in the older establishments of the south, are here successfully carried on, and from the rough white metal bodies—the modern substitutes for solid silver—electro-plated articles are produced in a style of finish befitting their future standing. The processes of re-plating and gilding present, under their various forms, beautiful examples of applied science; and in the latter, the instantaneous nature of the operation is of itself a curious fact.

"The immense superiority of electro-plating, as compared with the old system, demands no confirmation at our hands. Not only does the precious coating adhere more closely to its baser ground, avoiding all risk of cracking and deterioration of surface, but the deposited film, being absolutely pure, produces a surface unapproachable in beauty by any other contrivance. The refining of the precious metals is also here carried on under various conditions. This is one of the most interesting of metallurgical processes, and deserves a treatise for its exposition. In a future page, we may be able to contribute something towards this end.

"It is to be hoped, that the advantages to be derived from this extension of the manufacture may be properly appreciated by the public, and by the parties engaged in the numerous branches of trade which it affects. So spirited an attempt on the part of the proprietor, Dr. F. H. Thompson, adds weight to the claims for attention, which as a scientific pursuit, the business in itself demands. Looking at the invention in the light of an industrial pursuit, we cannot call to mind any improvement of the present century which has spread so rapidly in practice—and this fact is undoubtedly the true criterion of its value. The general principle of the art is now so well understood, that further remark would be superfluous; any of our readers who wish to witness the actual working of the system, may find many attractive features in the establishment whose existence we now chronicle."

OFFICES FOR PATENTS,

AND

THE REGISTRATION OF DESIGNS,

47, LINCOLN'S INN FIELDS, LONDON,

166, BUCHANAN STREET, GLASGOW,

And 20, SAINT ANDREW'S SQUARE, EDINBURGH.

All Business relating to Letters Patent may be transacted at these Offices.

Caveats Entered—Searches made for Specifications, and abstracts or copies supplied—Specifications drawn or revised—Mechanism designed, and drawings made by competent draughtsmen—Prolongations and confirmations solicited—Disclaimers entered—Advice on the Patent Laws—Opinions on Infringements—The novelty of Inventions ascertained.

Designs, Devices, and Patterns, and the configuration of articles of utility, protected completely or provisionally

The advantages MESSRS. WM. & J. H. JOHNSON offer, in achieving the above objects, consist in the combination in their Firm of a CIVIL ENGINEER and a SOLICITOR: the possession of their own offices in London and Edinburgh, where all English and Scotch Patents are passed, and the Specifications enrolled; and the Sole Proprietorship of a first-class Scientific Periodical, "*The Pratical Mechanic's Journal.*"

Agent for Preston and North Lancashire, WM. GILBERTSON, Esq. 40, *Fishergate.*

A STOCK OF VERY SUPERIOR INSTRUMENTS,

with which the Trade can be supplied on the most reasonable terms.

THE GLASGOW
PARCEL DELIVERY COMPANY.

To Commercial Houses throughout the Country, trading with Glasgow.

GENTLEMEN,

It strikes us that our arrangements could be made very serviceable to you, and other parties similarly situated, in distributing your Parcels to Customers in and around Glasgow. Our business consists in delivering Parcels and Packages of all kinds, within the city and suburbs. This we do three times a day, in covered spring-vans, and at the following very low rates:—

All under 14lb.	2*d.*
From 14lb. to 28lb.	3*d.*
„ 28lb. to 56lb.	4*d.*
„ 56lb. to 112lb.	6*d.*

One Penny Extra, if to pay on Delivery or a receipt granted.

Parcels addressed to various Houses in Glasgow, are, we understand, frequently consigned in bulk to the party receiving the largest of the lot, who is expected to deliver the others, and charge carriage upon them.

In this way, from neglect, Parcels are often delayed in the delivery for days after arriving in Glasgow; and overcharges frequently complained of by those who receive them in this manner.

Were these Parcels, however, consigned in bulk to us, who make such matters our daily business, they would be immediately delivered, and the cost of carriage and delivery laid impartially upon all of them. Or, should they be wished at any time delivered *free*, we could debit the consigner with our charge, and settle once a quarter, or otherwise, as convenient.

As to the trustworthy nature of our Concern, we would beg leave to refer you to any of the commercial community of Glasgow with whom you may be acquainted, where we are pretty well known, having been in operation for nearly ten years.

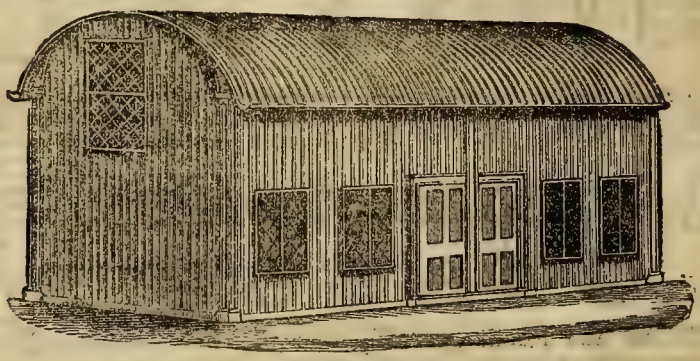
Cases or Packages containing Parcels for delivery, may be addressed to "JOHN HINSHELWOOD, 13, Miller Street, Glasgow," always advising us, per post, of their despatch.

We are, yours respectfully,

The Glasgow Parcel Delivery Company,

Per JOHN HINSHELWOOD, Manager.

N. B.—Parcels going beyond Glasgow, will be despatched by first opportunity after arrival.



CHAPLIN, DIXON & ROBB,
ENGINEERS AND MILLWRIGHTS,
AND CORRUGATED IRON HOUSE AND ROOF BUILDERS,

OFFICES—20, ST. ENOCH SQUARE, GLASGOW.

By Royal Letters Patent for England, Ireland, Scotland and Wales—1840 and 1851.

MILNERS' PATENT

HOLDFAST AND FIRE-RESISTING SAFES AND CLOSETS,

THE STRONGEST WROUGHT IRON SAFEGUARDS IN THE WORLD,

Lined with Milners' unequalled Fire-resisting Chambers, with Impregnable Locks and Fastenings.

Milners' Fire-resisting Safes, Chests & Boxes (sufficiently strong as a security against Fire, and one-third cheaper than the above):

For the Protection of Gunpowder, Ledgers, Books, Deeds, Writings, Cash, Plate, Jewellery, Silks, and other valuable Materials, from Fire, Violence, Robbery, and Fraud.

MILNERS' Fire-resisting principle, the operation and application of which has been successively improved during its extensive and daily increasing adoption by the Public, consists in the combined use within the chambers of an arrangement which at once presents the least conductor of heat, and diffuses through the chambers and contents of the Box or Safe slow alkaline evaporation, steaming the whole mass and preventing ignition.—See Pamphlet to be had (post-free) from the Works.

MILNERS' Safes and Boxes are made of various thicknesses (from 2 to 6 inches) and corresponding degree of Fire-resisting power—equal to preserving Books and Documents within them unburnt, when surrounded by red heat—for from one hour in the one-chambered (2 inch) box, considered equal to the fire they could be exposed to in a common Office or Dwelling-house—treble the same resistance in the double-chambered Safe (2¾ inch), for Warehouses, large Offices, Stores, &c. &c., and for 24 hours in the double Banker's Safe of 6 inches thickness.

Public Trials of MILNERS' Safes have been made before the Authorities of most principal Towns in the three kingdoms, by scientific and practical parties, amongst whom the Patentees have pleasure in enumerating The Liverpool Polytechnic Society, The Royal Dublin Society, Professor Main, Doctor Sir R. Kane, Mr. Creed, Sir Howard Douglas, The Right Hon. Thos. Milner Gibson, Mr. S. Woods, Mr. E. Woods, Mr. Robt. Stevenson, Mr. C. W. Williams, Mr. Herepath, &c. &c. Amongst the Experimental Trials the following are referred to:—

Committee of Manufactures, Royal Dublin Society.

"*Resolved*,—That having carefully examined the Fire Resisting Safes, produced by *Messrs. Milner and Son*, and witnessed their exposure to powerful and continued fire, we recommend them as articles of approved utility."

SIR EDWARD STANLEY, Chairman.

PRESERVATION OF DOCUMENTS FROM FIRE.—LIVERPOOL POLYTECHNIC SOCIETY.

The first meeting of this body was held on Tuesday evening last (January 10th). About a quarter to nine o'clock, the Chairman, JOHN GRANTHAM, Esq. called upon SAMUEL WOODS, Jun. Esq. to read his paper "On the means of Preserving Documents from Fire." After some introductory remarks on the great importance of the subject, Mr. WOODS proceeded to notice the inventions of *Mr Marr, Mr. Chubb*, and *Messrs. Milners*, and gave the details of the experiments made for the purpose of testing their relative merits, during the past and present week, in a field near Prescot-street. Mr. WOODS stated that he had ordered *the best* Patent Fire-Proof Boxes of equal dimensions, without regard to price, from each of the parties, and had afterwards requested their attendance, or some person for them, at the experiments. The result of these experiments had been to prove that exactly in the inverse ratio as to cost was the power of resistance of the Boxes. *Messrs. Milners'*, which was the cheapest (£3. 10s.), stood three tests without the documents placed in the Box being injured. The papers in *Mr Marr's* Box (price £7. 10s.) were much injured, and to a considerable extent destroyed at the end of the third trial; but those in *Mr. Chubb's* Box (price £11. 11s.) were in a worse state at the second examination. For further particulars of these trials, *see* Pamphlets.

Numerous cases of actual Fires have occurred in which MILNERS' Safes,—out of the 20,000 which keep the Books of the practical men of the manufacturing and commercial districts have done their duty, having preserved their contents, everything else being destroyed in the buildings, including the contents of strong Iron Safes and Drawers, and Fireproof (so called) Safes, standing beside Milners.

GREAT FIRE IN MARKET STREET, MANCHESTER; ENTIRELY CONSUMING A LARGE SQUARE OF WAREHOUSES, OFFICES AND SHOPS.

In the last great Fire in George Street, Manchester, nine large Houses had their Books burned in Iron Safes, Closets with Iron Doors, Wrought Iron Fireproof (?) Safes, &c. &c.; and again on the above recent occasion, a great number of parties have suffered the same calamity. The only Safe which brought its contents uninjured out of the burning mass being the one alluded to below.

Manchester, August 13th, 1847.

GENTLEMEN,—In the late Fire in Market Street, which entirely gutted the entire block of buildings of which my warehouse formed part, I have sincere pleasure in informing you that my books, together with a quantity of valuable papers, watches, &c. were preserved uninjured in one of your Fire-resisting Safes, which I strongly recommend to the public.

I am your obedient servant, THOMAS HAIGH,

Messrs. Milner and Son. Woollen Merchant, New Brown Street and Market Street.

The outside of this Safe was partially melted; the contents inside unsinged, being steamed (boiled instead of burned) by the evaporating principle of the Safe. Near to it a large Wrought Iron Fireproof (?) chambered Safe, full of valuable Books and Documents before the Fire, was found to contain nothing but tinder and ashes after it!

THOMAS MILNER and SON select the following as instances, in which they are of opinion that no other Safe than their own would have preserved its contents unburnt:—Fire at Mr. J. BLACKALLER'S Ship Chandlery Store, Sparling Street, Liverpool; a strong and fierce Fire; Safe most severely burnt outside; contents unsinged.

Fire at Messrs. J. & W. WALKERS', the extensive builders, Birkenhead; buildings entirely gutted, every thing burnt in them, including the contents of large Iron Safe and Drawers, standing beside Milners'; the contents of Milners' uninjured and in use now.

Fire at Messrs. GARNISS & Co.'s Park Lane; a very strong fire; again the contents of Milners' Safe the only thing saved on the premises. Fire at PLIMSAUL BROTHERS', of Plymouth; a very extensive and destructive fire; a large Iron Safe covered with brick-work, with double Iron doors burnt out; Milners' entirely preserving its contents. Fire in Queen Street, Glasgow; a great number of Safes and Closets burnt out; no books saved throughout the building excepting Messrs. S. R. & THOMAS BROWN'S, in Milners' Safe. Fire at Messrs. CHARLES BOYD & Co. Clyde Street, Anderston, Glasgow, &c. &c.

MILNERS' Fire-resisting Safes, Chests, and Boxes, suitable for all classes of Buildings, impregnable Locks, Cash Boxes, and Pamphlets "On the Preservation of Books and Documents from Fire," at the Works, 50A and 54, Lord Street, and 47 to 57, Cable Street, Liverpool; London Depôt, 47A, Moorgate Street, City; Manchester, 28, Market Street; David Boyd & Co. and Mackay & Kirkwood, Glasgow; James Miller, 70, Princes Street, Edinburgh; Thomas Middleton, Dundee, &c. &c.

Caution.—Attempts have been made to palm upon the Public spurious imitations of these approved and established articles, under cover of impudent advertisements. Delusive mock trials have been made of them in unignited coal, and unfounded pretensions advanced thereon, which will not bear the test of practical or scientific investigation. One of Tann's Boxes, bought from Harrison, was placed on the Fire, to bring off the moisture from its chamber in proof of Infringement, in little more than a quarter of an hour, the papers at the bottom were on Fire! owing to the improper combination of materials—sand, lime, gypsum, alum—which enclosed in Iron cases and heated to redness quickly flux and melt them, as any Chemist will know. And as little practical knowledge, or regard to its application, do these people exercise, as respects the question of Protection against Robbery as Fire. We lately examined one of Tann's Safes given up to us on the score of Infringement and found *the back to be actually screwed in from the outside*, the screw heads hidden with paint; in five minutes the back was taken out with a small screwdriver, and with the same ease might the Cash, Watches, Jewellery, for which these things are sold as Safeguards, be removed, *without ever opening the Lock or Door at all*. In front this SAFE appeared half-inch, but proved thin Sheet-Iron, faced round. And yet *this Trash* is contrasted with our Holdfast Safe, puffed as 20 per cent. *cheaper*—it would be dear at one-fifth its cost. Our action for Infringement against Harrison as advertised proprietor and vendor of Tann's Safes will be tried in June in the Queen's Bench, and a second verdict asked upon a writ already served upon a buyer of one of the Safes, when proceedings in Chancery will be taken against *every seller, buyer, user or holder of these illegal articles*, to compel the relinquishment of them or damages as the case may be.

METALLIC PENS FOR ALL WRITERS !!!

BY COMMAMD.

STEEL PEN MAKER TO THE QUEEN.

PRECEPT DATED APRIL 13TH, 1840.

JOSEPH GILLOTT,

PATENT STEEL PEN MANUFACTURER,

VICTORIA WORKS, GRAHAM STREET,

BIRMINGHAM.

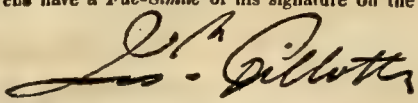
Has been enabled, through an experience of Thirty Years, to bring his Metallic Pens to the HIGHEST STATE OF PERFECTION; and the liberal patronage he has so long enjoyed from all parts of the Civilized World, will incite in him continual exertions to maintain the favour he has acquired.

FRAUDULENT PRACTICES BY CERTAIN PRETENDED MANUFACTURERS OF STEEL PENS.

CAUTION.—These PRETENDERS have recently pushed into the market spurious imitation Articles under JOSEPH GILLOTT'S STYLE AND CHARACTER OF LABELS, with the same NAMES, DESCRIPTIONS and DESIGNATING NUMBERS as *his* Pens, and by which the genuine are so well known; they have also in various instances even COPIED HIS NAME outside THEIR BOXES, on which for an obvious purpose is interlined in very small letters the name of a person falsely stated as "*Late Manager to*" **JOSEPH GILLOTT**, &c. &c.

Now as this Party so put forward never served Mr. Gillott in that capacity in his Manufactory, or otherwise to justify any claim to that Title, he deems it incumbent to CAUTION his Friends by THIS GENERAL NOTICE, and protect them as well as himself from the equivocal arts of these Pretenders, who seek to impose on Buyers A SPURIOUS ARTICLE THROUGH DECEPTIVE APPEARANCES for the true Pens, and by such means insidiously usurp sales for their base imitations on the FAME of the ORIGINATOR'S popular Patterns.

All Packages or Boxes of **JOSEPH GILLOTT'S** Pens have a *Fac-Simile* of his signature on the reverse side thus,



None others are genuine, and the Public is advised further that in all cases where his Numbers and the phraseology of his Labels are adopted by other Parties (*With especial reference to his No.* 303,) THE PENS are NOT made by him, though asserted so to be.

At the request of persons extensively engaged in tuition, J. G. has introduced his

WARRANTED SCHOOL AND PUBLIC PENS,

Which are especially adapted to their use, being of different degrees of flexibility, and with fine, medium, and broad points, suitable for the various kinds of writing taught in schools.

Sold retail by all Stationers, Booksellers, and other respectable dealers in Steel Pens. Merchants and Wholesale Dealers can be supplied at the Works, Graham-street, 95, New-street, Birmingham.

No. 91, John street, New York; and at 37, Gracechurch street, London

Weavers' Knives,

BUTCHERS' STEELS, &c.

Deem it right to apprize their Friends, that *not only does their Mark continue to be PIRATED both in this Country and on the Continent,* but that certain unprincipled persons, deterred from striking the said Mark only from fear of being visited with Legal Proceedings have resorted to *another mode of imposition,* and IN ORDER TO EVADE THE LAW, are vending articles marked—

I. WILSON, only; or WILSON REFINED STEEL.

or, WILSON WARRANTED or, GEO. WILSON

In each case *omitting the Corporation Mark.*

OBSERVE,

All Knives, Steels, &c., Manufactured by JOHN WILSON & SON are stamped with their Corporation Mark, "*Four Peppercorns and a Diamond,*" thus, ⁘ in one of the following forms:—

I. WILSON ⁘

⁘ I. WILSON WARRANTED

⁘ I. WILSON REFINED STEEL

⁘ I. WILSON SHEAR STEEL

NOTICE IS HEREBY GIVEN,

That all persons whomsoever, who shall counterfeit or imitate the mark used by the said JOHN WILSON & SON, or who shall sell any SHOE, BREAD, BUTCHERS', COOKS', or any other *KNIVES,* or any BUTCHERS' *STEELS,* stamped with any such *counterfeit or imitated mark,* will be proceeded against in one of the Courts of Law or Equity; and the said JOHN WILSON & SON hereby invite all persons, to whom any such fraudulent practices as the above-mentioned are known, to give *Information,* assuring them that they shall be LIBERALLY REWARDED.

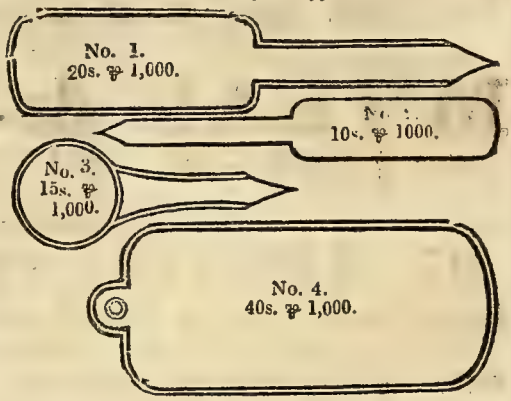
MANUFACTORY, NEW STREET AND LITTLE CANNON STREET, BIRMINGHAM.

INDESTRUCTIBLE GARDEN LABELS,

And Indelible Jet Black Ink, for Writing on Zinc, &c.

Drawn to a scale of three-fifths.



These LABELS can be written upon either with a Lead Pencil on Wet Paint (same as on Wood) or the *Indelible Ink*, which is unaffected by weather or climate and can only be removed by rubbing the surface with sand-paper or other rough substance. Many advantages belong to these Labels. They are *extremely neat and ornamental. The Writing can easily be removed with a little sand-paper; they pack in a very small compass; and, unlike the clumsy Wood Labels, they are not liable to disturb the roots or rot away in a few months.*

☞ *Wherever offered hitherto, they have been almost invariably adopted.*

INK, 6d., 1s. and 2s. per Bottle.

The Labels and Ink to be had of all Ironmongers, Nurserymen and Seedsmen, in Town and Country, and Wholesale from S. ROOKE, Jun. 7, *Whittall Street, Birmingham.*

The Manufacturer begs to call the attention of Merchants, Factors, Ironmongers, &c. to the following articles—Brass Chair and Trunk Nails; his Registered Hollow Curtain and Cornice Rings; Brass Window Furniture; Picture Rods and Tubing, Stair Rods; every description of Upholsterers' Brass Foundry; his Improved Coated Sash Knobs; Registered Air-Tight Oxonian Ink Stand. Also, Fancy, Berlin, Black and Bronzed Iron Goods. Every description of Brass and Small Iron Goods made to order.

SAMUEL ROOKE, JUN.

7, WHITTALL STREET, BIRMINGHAM.

JOHN ADAM,

BUILDER,

AND MANUFACTURER OF

ROMAN CEMENT, BRICK, TILE & POTTERY WARE,

CHIMNEY CANS, SEWERAGE PIPES, AND GENERAL GRINDER,

232, DUKE STREET, GLASGOW.

ALLSOPP'S EAST INDIA PALE & BURTON FINE ALES.

The Subscribers, AGENTS in SCOTLAND for SAMUEL ALLSOPP & SONS, Brewers, Burton-upon-Trent, respectfully intimate that the above well known and highly appreciated Ales, can always be had from them in Casks of various sizes either direct from the Brewery, or from their Store in Glasgow, where they will be happy to furnish also a list of the Bottlers in the various Towns of Scotland.

Has been tested by many years' experience to be the Best and Cheapest Remedy for Coughs, Asthmas, Hoarseness, Indigestion, Palpitation of the Heart, Croup, Hooping Cough, Influenza, Chronic Strains, Bruises, Lumbago, Spinal and Rheumatic Affections. Diseases of the Chest, and Local Pains.

WONDERFUL CURE OF COUGH (15 Years' Standing

January 11, 1850, *Susannah Street, Poplar New Town, Middlesex.*

DEAR SIRS,—Fifteen Years ago I became afflicted with a severe Cough. I procured the best advice possible, without deriving benefit. I was recommended by the late Mr. Fowler, Surgeon, of 57, Penny Fields, Poplar, to try your ROYAL BATH PLASTER. I am happy to say, since wearing them, I am perfectly Cured, after having baffled the skill of my medical attendants.—Yours respectfully,

To Messrs. Roper & Son. ELIZA GEE.

☞ Notice the words "Roper's Royal Bath Plaster," engraved on the Government Stamp, and the Proprietor's Autograph on the back, thus:— Robt Roper

Prepared by ROBERT ROPER & SON, Chemists, SHEFFIELD; *and Sold by their appointment by most Chemists and Stationers in the United Kingdom.—Full Size,* 1s. 1½d.; *for Children,* 9½d. *each, or direct by Post from the Proprietors, on receipt of* 1s. 4d., *or* 1s. *each.*

BEWARE OF IMITATIONS—BE PARTICULAR TO ASK FOR ROPER'S PLASTER.

WESLEY COLLEGE,

SHEFFIELD.

TERMS PER ANNUM.

INCLUDING EDUCATION, BOARD AND WASHING.

	£	s.	d.
For Pupils between Nine and Eleven years of age	35	0	0
Between Eleven and Fifteen.....	45	0	0
Fifteen and upwards	55	0	0
Professional Chemistry	4	4	0
Medical Attendance	1	0	0

The payments must be made half-yearly IN ADVANCE; *and three months' notice given before the removal of a Pupil.*

A Student having a Room to himself, and taking Breakfast, Tea and Supper as well as Dinner, with the Governor and Masters, pays £85.

Medical Attendance, £1.

For Two Brothers occupying the same Room, and separate Beds, £75. each.

Medical Attendance, £1. each.

Vacations.—Six Weeks at Midsummer, and Four at Christmas.

WESLEY COLLEGE is situated about a mile west of the town of Sheffield;—it stands on a piece of land, upwards of six acres in extent, laid out as pleasure grounds and is in the immediate neighbourhood of the Botanical Gardens, to which the Pupils have access on very easy terms.

The building contains, in addition to the rooms, kitchens, apparatus, &c. necessary for the domestic department of such an Institution, and the apartments of the Governor and the resident Masters,—one large and six smaller School Rooms; five Dormitories, affording each Pupil a bed to himself; a spacious Dining Hall; a Library and Reading Room; a Philosophical Room; an Amphitheatre for Lectures; a Laboratory, and a Chapel; a Warm and Shower Bath, and two covered Play grounds. There is also a spacious Swimming Bath on the premises, detached from the main building.

Every arrangement is made to secure the health and happiness of the Pupils—to combine as far as possible the comforts and conveniences of a private family,—with the scientific arrangements of a public Institution. A Physician and Surgeon are in constant attendance. The food is of the best quality, and liberally supplied; and the constant and watchful cares of the Governor and of the Matron, are directed to every part of the internal economy.

The utmost importance is attached to Moral and Religious discipline.

Morning and Evening of every day, Family Worship; Singing, Reading and Prayer.

Such of the Pupils as are members of Society are met weekly in class by the Governor.

Sunday morning and evening, and Tuesday evening, Public Worship in the Chapel.

The whole business of the establishment is under the general superintendence and management of the Rev. Samuel D. Waddy, Governor and Chaplain.

The EDUCATIONAL COURSE is under the personal supervision of the Head Master, the Rev. John Manners, A.M., assisted by sixteen other Masters.

The First and by far the largest Division, consists of those who are intended for mercantile pursuits. These require a thorough commercial education, embracing everything generally necessary for the purpose of Trade, and an especial attention to the acquisitions which may be deemed desirable in any particular Branch of Business.

This course embraces Reading, Spelling, good Handwriting, fair and accurate Cyphering, Arithmetic, Mensuration, Book-keeping, Land Surveying, Navigation, Geography, History, French, German, and so much of Latin and Greek as is really necessary to complete a good English Education, by giving the correct pronunciation of our numerous derivatives, and a thorough knowledge of the grammatical construction of our language; taking care that the Pupils shall be so grounded in the elements of the Classics, that they may subsequently pursue those studies with facility, should taste or necessity require.

The second Division consists of those who are designed for the learned professions, and of those whose wealth and rank make it desirable that they should receive a more complete education.

Their course (after the preliminary studies of the former Division) embraces Euclid, Algebra, Trigonometry, Conic Sections, Differential and Integral Calculus, Mechanics, Dynamics, Optics, Hydrostatics, Plane and Physical Astronomy, the Principia of Newton, and the higher parts of Analysis.

In Greek, they read the Testament, Xenophon, Herodotus, Euripides, Sophocles, Æschylus, Thucydides, Demosthenes, Homer.

In Latin, Cicero, Horace, Tacitus, Livy, Terence, Juvenal, Persius, with compositions in prose and verse; translating and re-translating, until they have acquired a correct philological, and idiomatic knowledge of the languages.

In both the above departments, different as they are in detail, the same principles are adopted. All possible means are used to awaken the student's *interest* in his studies—to exercise at once the Memory, the Understanding, and the Judgment,—to see that he be well *grounded* in what he learns. After he has become acquainted with a subject, he is required to produce it upon paper *correctly*, and with some degree of rapidity. One of the first lessons he is taught is, that all his knowledge must be *producible*.

The French and German Languages are taught by accomplished Natives, and Drawing and Music by eminent Professors.

All the Pupils have the privilege of attending the weekly Lectures on Chemistry, &c. The extra charge is made only for those who are learning Chemistry *professionally*, and who are instructed in private classes, and furnished with the necessary apparatus and materials for experiments, analysis, &c.

Discipline is enforced by uniting firmness and kindness; by creating a feeling in the minds of the Pupils that it is better to be orderly than disorderly, that it tends essentially to their own comfort and happiness, and is a means of promoting their improvement. Should any one be refractory, he is taken apart and reasoned with; this is found in most cases to answer the purpose, and it is very seldom that severer measures are necessary. The Pupils soon ascertain that whatever is said to them is meant, and *must* be obeyed; and the Religious Principles of the School furnish much assistance in securing discipline, without harshness or severity.

Emulation is promoted by conferring on twelve of the most diligent Pupils the dignity of Scholarships, with the payment of from £2. to £12. annually, and by the distribution of Honors and Prizes to such others as may merit them.

In addition to the two divisions into which the *School* Pupils are divided, there is a third, consisting of the Undergraduates of the University of London, as Wesley College is now constituted by Royal Warrant, a College of that University, and empowered to issue Certificates to candidates for examination for the respective Degrees of Bachelor of Arts, and Master of Arts,—Bachelor of Laws, and Doctor of Laws

The course laid down in the University Calendar is regularly pursued by the Students from year to year. And it is due to the College to say that it has sent up very few Candidates who have not passed, either in the first Division or in Honors, although it has sent up the largest number in proportion, of any of the Provincial Colleges.

The advantages conferred by Her Majesty's Warrant, are:—

I.—The opening of all the valuable prizes and honors of the University to the competition of our Students.

II.—The privilege of obtaining a learned Degree without the necessity of a *continued* residence in Oxford, Cambridge, or London, as the Students will continue to reside and pursue their studies at Wesley College, with the exception of a few days spent in London at each of the examinations.

CABS—SAFETY,

OMNIBUSES, DOG CARTS, WHITECHAPELS, &c.

CHEAP AND DURABLE ROOFING.

By Her Majesty's Royal Letters Patent.

IMPORTANT.

HER MAJESTY'S ADMIRALTY HAVE RECENTLY COVERED WITH

F. M'NEILL & CO.'S

ASPHALTED ROOFING FELT,

One of their large Roofs of a Store-Shed in Woolwich Dock-yard, and think highly of the article for Roofing purposes; and as a further approval of their Roofing, the Admiralty have more recently used some 30,000 feet, on an extensive Shed at the Devonport Dockyard.

The immense Government Prisons, which have recently been erected for Convicts at the Isle of Portland, and at Spike Island, to every Roof C. M'NEILL & CO.'s ASPHALTED FELT has been used. In the interior all the timbers of the Roof are shown; there are no lath and plaster ceilings. The felt is placed between the boarding and the slates. Such an application effectually excludes the frost of winter, and the heat arising from the sun on the slates in summer; and as the roofs are much exposed it also keeps them tight and sound in stormy weather. ONE HUNDRED THOUSAND FEET OF F. M'NEILL & CO.'s ASPHALTED FELT the Government have used on these Buildings.

☞ *Note its Cheapness*—ONE PENNY PER SQUARE FOOT!!!

F. M'NEILL & CO.'s PATENT FELT FOR LINING DAMP WALLS; also PATENT HAIR FELT, for clothing the Boilers, Cylinders, and Pipes of Steam Engines, effecting thereby a saving of from Twenty to Twenty-five per Cent. in the Consumption of Fuel.

Samples and full particulars sent free, on application to

MACKAY & KIRKWOOD, 135 and 137, Ingram-street, Head of Miller-street, GLASGOW.

THOMAS CORBETT,

A LIBERAL ALLOWANCE MADE TO COUNTRY UPHOLSTERERS.

*** **Address in full as above, 24, Finsbury Pavement, LONDON.**

HEALTH, ECONOMY, AND DURABILITY.

HUBBUCK'S PATENT WHITE ZINC PAINT,

THE WHITEST OF ALL PAINTS.

This elegant White, the favourite pigment of the ancients, has been used by Artists, through successive generations, and is handed down to the Members of the Royal Academy, under the old name of "PERMANENT WHITE." Decorators could rarely afford this expensive article.

Four years since the Proprietors placed their Manufacture on a large scale, and offered it at a price to compete with White Lead Paint.

The successful introduction of this Paint, and its confessed superiority over every other Paint hitherto known, brought forward various imitations.

These inferior productions, frequently made from zinc ores, containing sulphur, lead, arsenic, and other deleterious material, alike injurious to health, deficient in body, and reducing the preservative properties for which the original paint stands pre-eminent.

In justice to the proprietors these should not be confounded with the original, even though sold under the pretence that it is all the same.

HUBBUCK'S paint is entirely free from any injurious properties whatever; it is healthful in the manufacture, healthful in use, and healthful to occupants of rooms newly painted with it.

As a guard to the painter against the substitution of the inferior paints, each cask is stamped

"HUBBUCK, LONDON, PATENT;"

and if the cask has not been so marked, the reason is obvious.

A circular, with full particulars, may be had of

THOMAS HUBBUCK & SON,

COLOUR AND VARNISH MANUFACTURERS, OPPOSITE THE LONDON DOCKS, LONDON.

"PATENT WHITE ZINC PAINT.—This elegant paint is coming into very general use, and certainly its properties are such as to recommend it, both from its purity as well as economy. For a long period it was restricted entirely to artists; but Hubbuck's patent has reduced the expense so much as to render it available to general purposes. The usual complaints against new paint are entirely removed, and a newly-painted apartment may be immediately occupied without the odour so deadly to invalids and infants."—*Britannia, November* 16, 1850.

JOHN G. SHERWIN,

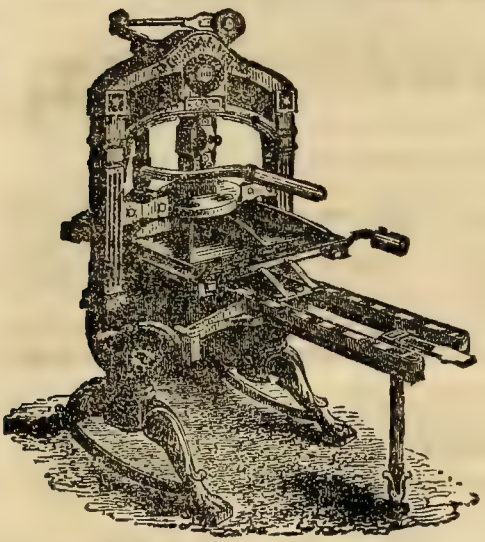
(Late Sherwin, Cope & Co.)

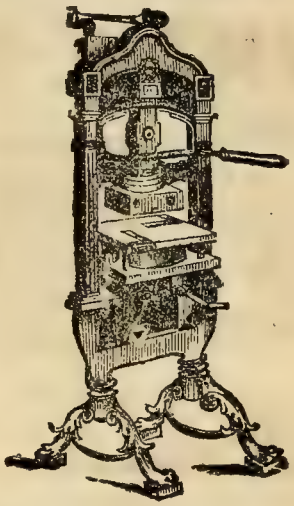
ENGINEER AND MILLWRIGHT,

5, CUMBERLAND STREET, SHOREDITCH, LONDON,

Inventor and Manufacturer of the

IMPERIAL PRINTING PRESS. AND IMPERIAL ARMING PRESS.





The Imperial Press was invented by the late Mr. Joseph Sherwin, the Manufacture of the same is now carried on by the Son, John G. Sherwin. Since the introduction of the Press (25 Years since) to the notice of the Trade, various Improvements have been effected and which are fully appreciated for their merits, the simplicity of construction, and little liability to get out of order, are well known to those who have long employed them.

For Exportation there is no Press so well adapted, their compactness is such, there is no fear of the parts being lost or deranged. Prices from £12. to £75.

J. G. S. continues to Manufacture the Imperial Printing Machines, Arming Presses, Rolling Machines, Screw and Hydraulic Presses, Cutting Machines, Steam Engines and every description of Machinery for Printing, Bookbinding and general purposes.

Testimonials, and other Information may be obtained at the Manufactory.

JOSEPH LOADER,

23, PAVEMENT, FINSBURY. 23.

The extensive celebrity of JOSEPH LOADER'S ESTABLISHMENT for twenty-five years, for all articles appertaining to the Upholstering business, affords a certain guarantee to all purchasers from his stock, that whatever they may select will be of the most approved fashion and best workmanship, moderately charged.

A tasteful assortment, suitable to the decoration of the Dining, Drawing Room, Library, and Boudoir, is uniformly kept, comprising Chairs, Tables, Pier and Chimney Glasses, Chiffoniers, Drawers, Wardrobes, Carpets, Mattresses, and Bedding, at regularly fixed prices, corresponding with the wants or elegancies of household economy, offered on terms which none can successfully compete with.

JOSEPH LOADER'S PORTABLE BEDSTEAD, which forms as ottoman settee, easy chair, and bedstead, with three cushions, stuffed in printed cotton, on brass socket castors; and the

Celebrated Patent Self-Acting Reclining Chairs,

that recline and elevate with the least possible trouble or difficulty to the occupier, the weight on the seat acting as a counter balance to the back, by means of his Patent Self-adjusting Lever, requiring no rack, catch, or spring, to retain any required position.

J. L. also calls particular attention to his Patent Air-tight Bedsteps, carpeted and polished, equal to the most expensive Commodes, as well as the Patent Pedestal Washstands, marble top and fittings complete, particularly adapted for the office, surgery, or cabin.

*** *Shipping and Country orders promptly executed, and the customary allowances made in all Wholesale transactions.*

JAMES MILLER, 70, Princes Street, Edinburgh.

THE DALMARNOCK ASPHALTE COMPY.

ARE PREPARED TO LAY

ASPHALTE WORK

OF EVERY DESCRIPTION, EITHER IN TOWN OR COUNTRY

Their position enables them to produce the best Materials, and they are careful to select the most skilful Workmen, so that the work may in every instance give satisfaction.

As the advantages and appliances of Asphalte are not generally known, these may with propriety be here noted.

Not only, when *properly Manufactured and Laid*, does it form a cheap and durable Pavement, but its Imperviousness to Damp and Vermin recommends it as the *best sort of Flooring for Dwelling-Houses, Cellars, Cotton Factories, Grain Mills and Granaries, Cotton and other Stores, Barns, Stables, Dairies, &c.*

It has also of late been successfully introduced as a *Roofing for Fire-proof Mills*, and as a Covering for *Under-Ground Vaults*. Equally adapted is it to the formation of *Gutters and Recesses*, whatever their form or depth.

Builders and Contractors who prefer laying ASPHALTE themselves, may be supplied with BITUMEN of best Quality, on liberal terms.

OFFICE—JOHN POYNTER'S, 83, JAMAICA STREET,

WORKS—Rumford Street, GLASGOW.

SOUTHERN COLLEGIATE INSTITUTION,

GLASGOW.

Patrons,

THE HON. SHERIFF ALISON.
BAILIE BRODIE.
SIR JAMES CAMPBELL.
BAILIE GOURLAY.
BAILIE HARVEY,
A. HASTIE, ESQ. M. P.
THE REV. DR. LORIMER.
BAILIE M'GAVIN,
THE VERY REVEREND PRINCIPAL MACFARLAN, D. D.
BAILIE M'LEAN.
THE REV. DR. M'LEOD.
BAILIE MITCHELL.
THE REV. DR. PATERSON.
GEO. SKENE, ESQ. SHERIFF SUB: OF LANARKSHIRE.

Principal,

The Rev. T. P. FENNER, M.A. of QUEENS' COLLEGE, Cambridge.

The Objects of this Institution are:—

1.—To furnish a Nursery for the thorough preparation of Students for the Universities.
2.—To provide for LADIES instruction in every branch of Education under Masters of the highest eminence, and with the Superintendence of a Gentlewoman.
3.—To train Children from the earliest infancy to enable them to profit by the advanced classes.
4.—To offer to Adults, especially young persons in business, the means of repairing past neglect, and of obtaining the invaluable acquisition of a good Education.
5.—To give to Commercial Men the opportunity of completing the Education their business may call for, by the acquisition of the most approved methods of Bookkeeping, and the attainment of the Continental Languages.

In pursuance of these ends the SEMINARY has been planted in a highly respectable and numerously inhabited part of the CITY, where the want of an Institution affording a first-rate and entire Education has long been felt, and where the extensive advantage taken of the Classes may afford the means of following out the plan of *an entirely and largely reduced scale of Fees.*

The System of Education is that of STIMULATING EMULATION; hence in addition to Prizes which are awarded in all the Classes, Three Exhibitions are established to the UNIVERSITY OF GLASGOW, each of the annual value of Ten Pounds, tenable for three years—one for Latin, one for Greek, and one for Mathematics—open to all who shall have been Pupils at the Southern Collegiate Institution one entire Session—(in the event of equal scholarship, to be awarded according to seniority on the books of the Institution)—the exhibitioners to attend during their tenure, the Lectures either of the Humanity Professor, the Professor of Greek, the Mathematical Professor, or the Professor of Natural Philosophy in the Glasgow University: and thus the impetus to exertion is afforded which has been the means of attaining the high standard of our great public Schools in England, but which has been contemplated by scarcely any similar Institution in Scotland.

THE PUPILS COMPRISE:—

1.—Those who simply attend their Classes and reside with their Parents or Guardians; in the case of these, the Institution contemplates only SECULAR EDUCATION, and has no interference with Religious Instruction.
2.—Those, who Boarding in the family of one or other of the Masters—besides attending their appropriate Classes at the Institution, are carefully trained according to the Religious views of the Guardian thus selected.

THE LADIES' DEPARTMENT

is under the Superintendence of MRS. FENNER; there are Governesses for those subjects not taken by the Masters.

The Classics and Mathematics are taken by The Rev. T. P. FENNER, A. M. and Assistants.

French, Italian, Spanish & Portuguese—Sigr. ASSOLARI, of the University of Pavia.

German—Herr J. D. HAAS;

(*Editor of "Ollendorff's German Grammar."—Translator of Krummacher's "Elijah and Elisha."—Dr. Kohlrausch's "History of Germany."—Zschokke's "History of Switzerland," &c.*)

The English Language, Logic, Rhetoric and the Belles Lettres—Mr. SAML. NEIL;

Author of "The Art of Reasoning."—Essays "On the Art of Speaking."—An Essay "On the Uses of Historical Studies," &c.)

Commercial Department—Mr. MACLEAN, formerly of the High School.

Elocution—Mr. ALEXANDER DUNCAN.

Music, Vocal and Instrumental—Mr. GALLOWAY, Mr. MACFARLANE, Mrs. FENNER, Miss. M'PHERSON and Governesses.

Singing in Classes—Mr. JOHN CAMPBELL.

(*Composer of "Orlington," Guildford," &c. and Editor of "The Sacred Psaltery," "Hamilton's Selection of Anthems. &c.*)

Drawing and Painting—Mr. HUTCHISON (of the High School), and Assistants.

Dancing, Calisthenics, &c.—Messrs. THOMSON and Mr. O'BRIEN.

(*Regisseur de la danse de l'Opera.*)

Courses of Lectures are delivered during the Session upon Moral Philosophy, Anatomy, Chemistry, Mental Philosophy, Logic, Botany, Astronomy, &c.—to which Pupils of the Institution are admitted at a nominal Fee.

The Session commences on the 1st of August; the Quarter days are 1st of August, 22nd of October, 9th of January and 29th of March. The only Vacations are a few days at Christmas and six weeks at Midsummer.

**** Syllabuses containing the fullest information of the Fees, Hours, Subjects, &c. may be had at the Institution or will be forwarded by Post on application.*

J. MACLEAN, Secretary.

S

WILLIAM BELL,

OF THE FIRM OF

J. & W. BELL,

NOW AT

BELLFIELD OLD BASIN, PORT DUNDAS,

GLASGOW.

OFFICE—242, Buchanan Street. HOUSE—12, Carnarvon Street.

FOREIGN AND BRITISH TIMBER MERCHANT,

VALUATOR AND COMMISSION AGENT.

Home and Foreign Woods of all descriptions, Railway and Pit Sleepers, Fencings, Railway Keys, &c. made to Order.

GLASGOW WEIGHING MACHINE MANUFACTORY.

WOOD & SONS,

STANDARD SCALE BEAM, WEIGHING-MACHINE, COFFEE AND SUGAR MILL MAKERS, AND GENERAL FURNISHING IRONMONGERS,

14, and 18, Stockwell Street, GLASGOW.

Respectfully intimate that they have always on hand a superior and extensive assortment of Standard Scale Beams, single and double Weighing Machines, Coffee, Pepper and Sugar Mills, Copper and Pewter Measures, Brass and Iron Weights, &c. &c.

WOOD & SONS manufacture upon the most improved principles every description of Platform, Lever, and Steelyard Weighing Machines, to weigh from 1 to 10 tons, particularly adapted for Railways and Merchants, by whom they have been highly approved of and recommended, and being warranted not to be surpassed in accuracy or durability, and now so greatly reduced in price, they have great pleasure in recommending.

W. & S. solicit the attention of parties furnishing to their cheap Stock of Ironmongery, consisting of Kitchen Ranges, with and without Ovens and Boilers. Register Grates all patterns. Fire-Irons, Trays, Dish-Covers, Brass Kettles, Cutlery, Goblets, &c.

N.B.—Gas Lustres. Pipes and Apparatus furnished and neatly fitted-up, and all Branches of general Smith and Tin Work executed at the Works, 18, Stockwell Street.

FALLS OF CLYDE.

Lanark, on the Caledonian Line of Railway.

TWO HOURS RIDE FROM EDINBURGH OR GLASGOW.

LANARK is beautifully situated at the head of the Vale of Clyde. "*The Orchard of Scotland*," and in the midst of the most beautiful portion of this interesting district of country

In the immediate vicinity are the far-famed FALLS OF CLYDE, the magnificent scenery of Cartland Crags, and many other places of interest, indeed few places in Scotland present more attractions to the lover of the picturesque and beautiful than the neighbourhood of Lanark.

CLYDESDALE HOTEL.

At this Hotel commercial gentlemen, tourists, and families will find first-class accommodation.

Omnibuses from the Hotel attend nearly all the Trains.

Conveyances of all kinds are kept with intelligent Drivers and Guides.

JAMES CARRICK, Proprietor.

By Her Majesty's Royal Letters Patent

WISS'S

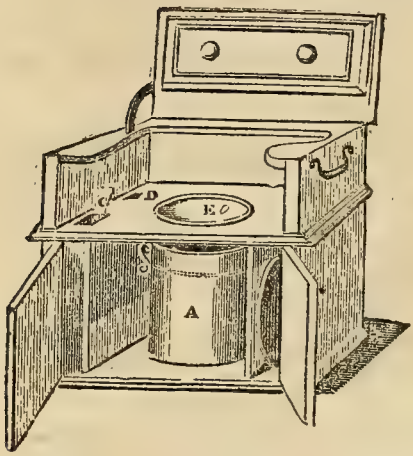
SELF-ACTING PORTABLE AND FIXED

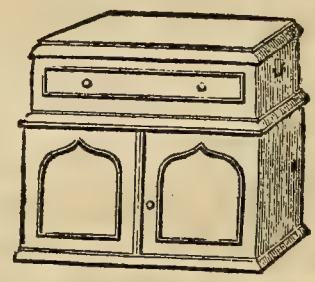
WATER CLOSETS,

No 38, Charing Cross, near the Admiralty,

ESTABLISHED THIRTY YEARS.

COPPER PAILS.

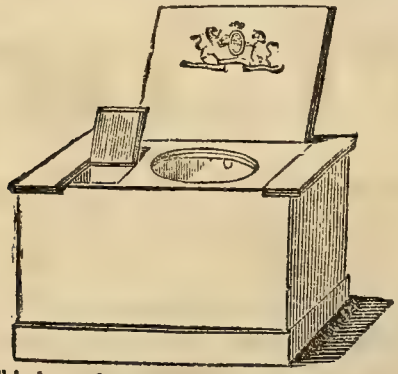


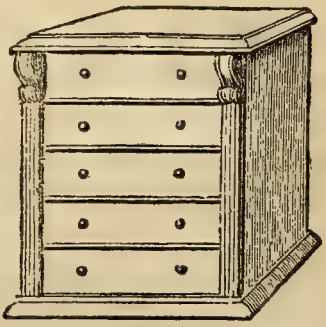


DESCRIPTION.—*A*, the Pail or Receiver, with its earthern basin and air Trap, *B*, the Cistern, *C*, the Lid of the Cistern by which it is filled. *D*, the handle of the Engine, which draws the water out of the Cistern *B*, forcing it through the washer *E*, into the Basin on the top of the Pail; which water, acting by its own weight on the trap, forces it open, carrying its contents into the Pail

N.B. When the Pail requires emptying, it must be drawn out, and may then be removed without causing the least effluvia. Care to be taken in removing the Pail, to draw it clear away from the washer, and the same to push it well back when replaced; also not to overfill the Cistern

FOR FIXING.





This is on the same principle as the Portable ones, but empties itself through a Pipe into any Drain or Cess-Pool. These can be fixed in a very short time, and cost about half the usual price of fixing Water Closets.

Experienced Workmen sent to all parts to fix these, at very moderate charges.

CAUTION.—In consequence of unprincipled imitators having copied WISS's various Patent Water Closets, and advertised them as new and improved, ROBERT WISS, the actual Inventor, very respectfully Cautions the Public against the same, and begs to acquaint them, that during the last 30 years all the real Improvements have been effected by R. W. himself.

S

FOSTER & WINSTONE,

MANUFACTURERS OF PRINTING INKS,

100, *SHOE LANE, FLEET STREET, LONDON.*

In introducing our List of Prices of PRINTING INKS to your notice, we beg to remind you that our business was established by the late Mr. FOSTER (Father of our Mr. FOSTER), the inventor of the composition for covering the inking rollers, and that it is, consequently, one of the oldest in the trade.

With the desire that our Inks should surpass those manufactured by other houses—in colour, in freedom of working, and in not setting off—we have given great attention and personal attendance to the manufacture of Lamp Black and Varnishes, nor have we omitted to avail ourselves of those advantages which an acquaintance with chemistry affords, in selecting materials which, whilst they ensure speedy drying, do not affe t the colour of the Black Inks, nor in any way interfere with the chemical nature of those substances used in the manufacture of Coloured Inks. We have, at Walworth, Lamp Black and Varnish Houses, and at Shoe Lane (where our business is conducted), a steam engine and mills, so that we are able to execute orders with which we are favoured, or to manufacture Ink to match any pattern, with the least possible delay; and as we personally superintend our manufactory, the greatest care is taken to ensure their being well ground.

ANY COLOUR MADE TO PATTERN.

To Merchants, Factors, Gun Makers and Others.

RICHARD WALKER,

INVENTOR AND MAKER OF

PERCUSSION CAPS,

To Her Most Gracious Majesty and H. R. H. Prince Albert,

Continues to carry on his PERCUSSION CAP MANUFACTORY, which he may state, without fear of contradiction, is the oldest and best Establishment of the kind in the Universe, at

69 and 70, GRAHAM STREET, BIRMINGHAM,

where all orders will be punctually attended to. The business formerly carried on in James Street, by S. WALKER, deceased, is now incorporated with that of R. WALKER, Graham Street, who, for upwards of *thirty years*, has given the highest satisfaction to all who have favoured him with their orders, and now trusts to receive an increase in the patronage of the Public, corresponding with the great increase of his machinery and other facilities.

R. W.'s DAMASCUS STEEL PEN WORKS are REMOVED from BROAD STREET, to the BRITANNIA PEN WORKS, CUMBERLAND STREET, BROAD STREET, BIRMINGHAM, where orders are attended to with the greatest punctuality.

FREGGON & CO.

22, JEWIN STREET & 57, GRACECHURCH STREET, LONDON,

ZINC & GALVANIZED IRON MERCHANTS

METAL PERFORATORS,

CORRUGATORS & DRAWERS OF ZINC,

COPPER PIPES, TUBING, SASH BARS AND METALLIC WIRE FOR TRAINING.

SILVER; COPPER, GERMAN SILVER, ZINC, TIN, &c.

PERFORATED TO ORDER ON THE SHORTEST NOTICE.

MACHINE MOULDED ORNAMENTAL CORNICES.

O. G. Gutter, Ridging, &c. to any Design or Drawing.

Manufacturers of Perforated Zinc Window Blinds and Meat Safes, Polished Zinc and Brass Window and Door Plates, Skylights, Diamond Quarry, Garden and other Lights, Garden Hand Frames, &c.

BATHS OF EVERY DESCRIPTION.

Contractors for Corrugated Iron and Zinc Roofings.

Carson's Original Anti-Corrosion Paint,

Specially patronised by the British, French, Russian, and Sicilian Governments, the Hon. East India Company, the New River Company, the Principal Dock Companies, and other Public Bodies.

The ANTI-CORROSION PAINT has been used by the Hon. Board of Ordnance for upwards of half a century, who have proved it to prevent rust or corrosion on Iron longer and better than the very best White Lead or any other description of Paint; and in consequence of its possessing this invaluable quality, all the *Iron Guns* and *Gun Carriages*, both for land and sea service, have been painted with it for the above period. It has also been used in great quantities by other public bodies, and by numbers of gentlemen of the first distinction, to preserve *Wooden Houses, Farm and other Out-Buildings, Conservatories, Park Paling, Gates, Iron Railing, Iron Hurdles, Copper, Zinc, Lead, old Compo, &c. Fronts* and *Tiles to represent Slating*. It will be found a very superior preservative of *Iron Steam Boats, Iron Bridges, Piers*, or any other extensive *Iron Works*.

This Paint is admirably adapted for preventing the decay of old *Stone* or *Brick Mansions, Churches*, or other *Public Edifices* requiring an effectual defence against the elements, as it will become harder than stone in a few months after it is laid on. It is particularly recommended to West India Proprietors, Emigrants and others connected with the Colonies, who will find it to stand all climates better than any other Paint. The superiority of the Anti-Corrosion to any other Paint may be easily inferred from the simple fact, that its use has been always most strenuously opposed by Colour Manufacturers, Painters, Oil and Colourmen, and all others interested in the sale of common Paints.

Noblemen and Landed Proprietors anxious to have their Out-Buildings, &c. properly preserved, will effect a very considerable saving by desiring their stewards to order the Anti-Corrosion Paint, *as any labourer can lay it on, thereby avoiding the enormous charges generally made by Painters.*

The Anti-Corrosion is a powder, and it will keep any length of time. Colours—White Stone, Light do., Drab or Portland do., Bath do., Light and Dark Yellow do., Light and Dark Oak, Brown, Light and Dark Lead, Light and Dark Chocolate, Bright and Dark Red, Copper and Black, 34s. ℔ cwt.; Invisible Green, 50s. Deep Green, 60s. Bright Green, 60s. and Blue (for Carts and Waggons), 60s. ℔ cwt. in casks of 28, 56 and 112 lbs. each. Large tinned Brushes, 3s. 6d.; small tinned do., 2s. 6d; large *tied* do., 3s. 6d.; small *tied* do., 2s. 6d.; and Sash Tools, 1s. 6d. each. Oil and Turpentine, ℔ gallon. One cwt. Casks, 1s. 6d.; Half and Quarter cwt. do., 1s. each. *Same allowed for returned empty Oil Packages, as charged, viz. 1s. ℔ gall.*

The Expense of the Colours at 34s. ℔ cwt., when the weight of the Oil is added, *is about 4d. ℔ lb.; and those at 60s., about 6d. ℔ lb.* The ORIGINAL ANTI-CORROSION PAINT is only to be obtained of

WALTER CARSON & SON,

(SUCCESSORS TO THE INVENTORS.)

9, Great Winchester Street, Old Broad Street, (Near the Royal Exchange,)

L O N D O N.

Who will show between 500 and 600 MOST FLATTERING TESTIMONIALS RECEIVED FROM THE NOBILITY, GENTRY AND CLERGY, WHO HAVE USED THE ANTI-CORROSION FOR MANY YEARS.

All empty returned Packages ought to have the NAME *or* RESIDENCE *of the party sending them marked upon them; for, unless this is strictly adhered to, great confusion arises in giving credit for them.*

NO AGENTS—All Orders are particularly requested to be sent direct.

NORTON'S CAMOMILE PILLS,

Are confidently recommended as a Simple but Certain Remedy to all who suffer from Indigestion, Sick Head Ache, Bilious and Liver Complaints, Heartburn, and Acidity of the Stomach, Depressed Spirits, Disturbed Sleep, Violent Palpitations, Spasms, General Debility, Costiveness, &c. They act as a powerful tonic and general aperient, are mild in their operaton, safe under any circumstances, and thousands of persons can now bear testimony to the benefit to be derived from their use. Sold in Bottles, at 1*s.* 1½*d.*, 2*s.* 9*d.* and 11*s.* each, in every Town in the Kingdom.

Caution.—Be sure to ask for 'Norton's Pills,' and do not be persuaded to purchase an IMITATION.

Influenza, Coughs, and Colds.

SIMCO'S ESSENCE OF LINSEED

Is the most Efficacious Remedy ever discovered for the relief of persons suffering from Influenza; the first two doses generally arrest the progress of this distressing complaint, and a little perseverance completely removes it. Children's Coughs, as well as recent ones in Adults, will be removed by a few doses (frequently by the first), and Asthmatic persons, who previously had not been able to lie down in bed, have received the utmost benefit from the use of Simco's Essence of Linseed. Sold by all Medicine Vendors, in Bottles, at 1*s.* 1½*d.* or 2*s.* 9*d.* each.

For Gout, Rheumatism, and Rheumatic Gout.

SIMCO'S GOUT AND RHEUMATIC PILLS

Are a certain and safe remedy; they restore tranquility to the nerves, give tone to the stomach, and strength to the whole system. No other medicine can be compared to these excellent Pills, as they prevent the disorder from attacking the Stomach or Head, and have restored thousands from pain and misery to health and comfort. Sold by all Medicine Vendors, at 1*s.* 1½*d.* or 2*s.* 9*d.* per Box.

A Clear Complexion.

GODFREY'S EXTRACT OF ELDER FLOWERS

Is strongly recommended for Softening, Improving and Beautifying the SKIN, and in giving it a blooming and charming appearance, being at once a most fragrant perfume and delightful cosmetic. It will completely remove Tan, Sunburn, Redness, &c., and, by its balsamic and healing qualities, render the skin soft, pliable, and free from dryness, scurf, &c. clear it from every humour, pimple, or eruption; and by continuing its use only a short time, the skin will become and continue soft and smooth, and the complexion perfectly clear and beautiful. Sold in Bottles, price 2*s.* 9*d.*, with directions for using it, by all Medicine Vendors and Perfumers.

IMPROVEMENTS IN INKS AND WRITING FLUIDS, BY HENRY STEPHENS.

The inconvenience and tediousness of Writing with Inks which would not flow from the pen—and especially the steel pen—must be in the recollection of many persons. Experiencing, in common with others, the annoyance from this cause, I devoted much time and labour to its investigation, and the result was the discovery of the "BLUE-BLACK WRITING FLUID," which, from its rapid and continued success, at once testified to its great value. Embarked in this business and purpose of improving colours for writing, I have never ceased from devoting myself to other and successive improvements upon the materials for writing, and the following is a brief recapitulation of successive results :—

1st.—The Blue-Black Writing Fluid.

This being a perfect solution of colour, and not a suspension by means of gum, flows from the pen and combines with the paper in such a manner as to ensure an ease and facility of writing never experienced before the introduction of this celebrated article.

2nd.—The Brilliant Red Writing Fluid, and a liquid Rouge Carmine.

These are soluble preparations of Carmine of different strengths. Carmine being the most durable and splendid of the red colours, it was an object with me to render it soluble by a cheaper and less expensive process than that of Ammonia, the solvent formerly in use. This object I have accomplished, and in the articles above named the public will find the most beautiful and durable red colours for contrast writing.

3rd.—The unchangeable Blue Writing Fluid,

LIGHT AND DARK.

A permanent blue liquid, manufactured from Prussian Blue, a pigment described by the first chemical works as insoluble, but which is rendered capable of perfect solution by a process discovered and patented by me, by which process this rich and most durable colour is now rendered available for writing and other purposes, from which it had hitherto been excluded by its want of solubility, thus superseding the corrosive acid solutions of Indigo, the only liquid blue previously known.

4th.—The Common Black Ink.

Which is still so extensively used from long continued habit, has also been the subject of numerous investigations and improvements.

Besides these articles, I have also introduced an Ink or Black Liquid for bordering paper, called

The Black Bordering Ink,

The value of which consists in the property of not being liable to rub or smear other papers with which it may be packed, a fault so objectionable in the article used formerly for that purpose; also a LIQUID DRAWING INK, used for the same purposes as Indian Ink, and a CARBONACEOUS RECORD INK.

The following also will be prepared : a GREEN INK, a CRIMSON INK, and a PURPLE INK, which last turns to a black, distinguishable from the common black by having no tinge of, or tendency to turn brown.

My general acquaintance with, and extensive experiments upon colours, led to the introduction of Dyes or Stains for Wood, which are now growing into extensive use, and are for interior work superseding the use of paint. By the colours prepared by me, the Wood Work of the Great Exhibition Building was stained, and those who might notice the entrance doors would be struck with the fine effect produced.

THE ABOVE ARTICLES ARE ALL PREPARED AND SOLD BY

Henry Stephens, 54, Stamford Street, Blackfriars Road

AND BY THE FOLLOWING, VIZ.

The Directors have paid much attention to Foreign Rates, and have found that considerable modifications might with safety be made on these. The extended and daily increasing facilities of communication, render the proper consideration of this branch of the subject of the highest importance to the whole community, but especially to those engaged in Mercantile pursuits.

WILLIAM SPENS, Manager.

ECONOMIC

The advantages offered by this Society are—ECONOMY combined with SECURITY, and LOWER RATES of Premiums than those of any other Office, which entitle the Assured to participate in the Profits, and *considerably lower* than those of any other *Mutual Assurance Society.*

The WHOLE OF THE PROFITS are divided every fifth year among the Assured, and a BONUS is added, after the Payment of the Fifth Annual Premium, to every Policy effected on the Participating Scale, if a claim accrue thereon prior to the next division of Profits.

The BONUS declared in 1849, (arising from the whole of the profits,) upon the *Mutual Principle, averaged* 62½ per cent. on the Premiums received.

LOANS granted on such Policies as are purchasable by the Society.

Number of Policies in force on the 1st January, 1851, 5,748.

The Assurance Fund amounts to £1,047,600. Income £180,000. per Annum.

The subjoined Table shows the advantages offered by the Society, resulting from low Premiums, and a division of the ENTIRE PROFITS *among the Assured.*

Age at Entry.	The Annual Premium according to the Northampton Rates to Assure £1000.	Assurers by the Economic Rates. S

EDINBURGH LIFE ASSURANCE COMPANY,

Established in 1823, and Incorporated by Act of Parliament.

CAPITAL, £500,000.

EDINBURGH, 22, George Street.
GLASGOW, 59, St. Vincent Street.

The mode in which this Company is constituted presents to the Assured all the benefits which the Mutual Assurance system holds out, combined with the influence and security of a large Proprietary, all assured with the Company.

Perfect security to the Assured, and freedom from all liability.

A Right of Participating in the *whole Profits* of the Company to the extent of *Nine tenths.*

A Principle of division, making the distribution among those who participate in proportion to the amount severally contributed by them.

The highest benefits to all *First Class Lives*, by no unjust liberality being shown to those who die early.

The advantage of an Intermediate Bonus between Septennial Investigations.

Very Moderate Rates, without participation, which, on young lives, are equivalent to a *present Bonus* of very considerable amount.

Assurances effected on equal, or ascending or descending scales, or in any other way that the interests of parties may require.

The Company transact for the purchase and sale of Annuities, present and contingent, Reversions, &c.

NO ENTRY MONEY, OR OTHER CHARGE BEYOND THE POLICY STAMP.

Claims paid Three Months after proof.

Specimen of Table for Assuring £100, on a Single Life.

LIFE DEPARTMENT.—IMPORTANT ADVANTAGES.

A MODERATE SCALE OF PREMIUMS, COMBINING THE BENEFITS OF THE MUTUAL WITH THE SECURITY OF THE PROPRIETARY SYSTEM; FOUR-FIFTHS, OR EIGHTY PER CENT. OF THE PROFITS BEING APPROPRIATED TO THE ASSURED EVERY FIFTH YEAR.

The Share of Profits allotted to each Policy may be applied either as a Bonus or Reversionary Sum to be added to the amount insured, and payable at the Death of the Life; or in Reduction of the future Annual Premium; or an immediate payment may be obtained in Cash, of its present value.

Insurances may also be effected upon the Joint Continuance of two or more Lives; upon the Joint Lives and the Life of the Survivor of two or more persons; upon the contingency of one Life dying before another; upon the Life assured attaining any specific age, or dying previously thereto.

Premiums may be paid either yearly or half-yearly; by a single payment; by a limited number of payments; by an ascending or descending scale.

INSURANCES WITHOUT PARTICIPATION, FOR THE WHOLE OF LIFE, OR FOR SHORT PERIODS, AT REDUCED RATES.

Annuities and Endowments effected.

FIRE DEPARTMENT.

INSURANCES effected on PROPERTY situate in any part of the United Kingdom, and in the Islands of Guernsey and Jersey, at the usual rates. Manufactories, and all risks of a more hazardous nature, Insured by special agreement, on favourable terms.

Half of the Surplus Premiums derived from Fire Insurances are appropriated to the Assured every Fifth Year; Six divisions having now been made in this Department, when large Returns have been made to the Assured, in Cash.

Manager—JOHN FRASER. Secretary in London—THOMAS FRASER.

The Assured in this Society enjoy *during their own lives* the Surplus or Profits arising on the business. The divisible Surplus is ascertained *every year*, and is paid over *in money* to the Assured at the settlement of their next Annual Premiums. By this system Life Assurances are obtained at the *lowest expense* consistent with security.

In 1845, 1846, and 1847, the surplus thus repaid to the members amounted to 30 per cent. of their Premiums, that is 6s. per £1. They were, therefore, required to pay only 14s. per £1. of their Premiums in each of these years. In 1848, 1849, and 1850, the surplus repaid amounted to 35 per cent of the Premiums, that is 7s. per £1.; and the members had, therefore, to pay only 13s. per £1. in these years. For example:—

A member whose annual premium is £10. has, this year, paid only £6. 5s.; and another member whose annual premium is £25. has paid only £16. 5s.

The following are Specimens of the Premiums payable in the present year by members of five years' standing:—

Age at Entry.	Polices of £100.	Policies of £500.	Policies of £1000.	Polices of £5000.
20	£1 4 0	£6 0 0	£12 0 0	£60 0 0
30	1 11 7	7 17 11	15 15 10	78 19 2
40	2 2 4	10 11 8	21 3 4	105 16 8

This mode of dividing the Surplus or Profits has been adopted by no other Assurance Office in Scotland.

During last year (the Eleventh of the Society's existence), 732 *New Policies* were issued for Life Assurances, amounting to £249,000.

The Society have Agents in most of the towns in England and Scotland.

Prospectuses will be sent, post paid, to any part of the Kingdom; and parties residing in districts where there are no Agents of the Society may readily effect Assurances by communicating with the Manager at the Head Office.

This Society is Established to apply the principle of Assurance to PROPERTY as well as to LIFE; and its business consists of—

The Assurance of DEFECTIVE and UNMARKETABLE TITLES, rendering them absolute and perfect.

The Assurance of Copyholds, Lifeholds, and Leaseholds, thereby making them equal, or even better than Freeholds, for all purposes of sale or mortgage.

The Redemption of Loans and Mortgages, and guaranteeing their absolute repayment within a given period.

Money advanced on the plan of Building Societies, without their risks and inconveniences.

Increased and Immediate Annuities granted, in exchange for Future and Reversionary Interests; and very advantageous Rates of Annuities granted upon Healthy, as well as Invalid Lives.

The Fidelity of Clerks, Servants, and all others guaranteed upon the payment of a Small Annual Premium.

A very liberal reduction is also made when the Fidelity Guarantee is combined with Life Assurance.

POLICIES INDISPUTABLE.

DETAILED PROSPECTUSES, FORMS OF PROPOSAL, AND EVERY INFORMATION WILL BE IMMEDIATELY FURNISHED ON APPLICATION TO WILLIAM NEISON,

Actuary and Secretary,

Among the advantages offered by this Company, the following may be enumerated as peculiarly worthy of the attention of the public:—

1st.—A Guaranteed Return at any time for the surrender of existing Whole Term Policies, effected by even Rates, of *Forty per Cent.* of the amount of ordinary Premiums received.

2nd.—A person desirous of surrendering his Policy, may receive instead of a Payment in Cash, a NEW POLICY for an equivalent Sum, *not subject to further payment of Premium.*

3rd.—Deferred Assurances granted, with permission to proceed to any part of the world. This plan *originated with*, and is peculiar to this Company.

The Rates of Premium, *as compared with the Bonuses declared*, will be found to be very moderate.

LIFE ASSURANCE.

THE SYSTEM adopted by this Company combines the greatest stability with the utmost possible liberality to the persons assured.

The Rates of Premium are on a lower scale than those of most other Offices, and are equitably graduated according to age. No Entrance Money is Charged.

Parties may effect Policies either with or without a Right to Share in the Profits. those who are assured on the Profit Scheme have right to Four-Fifths or Eighty per cent. of the profits of that Scheme, without deduction for expenses of Management, or for a Reserved Fund.

Profits are to be divided in May, 1851 and Annually thereafter, *and will be added to the Sums assured, or applied in reduction of Premiums,* or commuted into *an immediate payment in Cash.*

Annual Rates for Assuring £100. Payable at Death.

Mr. THOMAS CHADWICK, Clarence Buildings, Booth Street, Manchester.

This Society is established for the general Insurance of Buildings, Furniture, Merchandise, Stock-in-Trade, and other descriptions of Personal Property, against Loss or Damage by Fire, and offers to the public the following advantages :—

First—A Subscribed Capital, amounting to a QUARTER OF A MILLION STERLING, securing to the Insured an ample Fund for the payment of Losses, and no responsibility of Partnership.

Second—Rates as low as is consistent with safety.

Third—Each case submitted to this Office will be taken at a Premium according to its risk, without reference to Tariffs which are binding on other Societies.

Fourth—Policies for *Seven Years* are allowed an abatement of one year's Premium and Duty.

Fifth—Policies for a shorter period than Twelve Months can be effected on more favourable terms to the Insured than in any other Office.

Sixth—Insurances are granted for Loss of Rent during the period of reinstatement of damage by fire; and a reasonable allowance will be made for the removal of Goods in time of danger.

Seventh—All Claims, when admitted by this Society, are *immediately discharged*, without deduction or discount.

Eighth—All the permanent and solid advantages conferred by Companies of a similar character are secured by this Society.

ACTUARY AND SECRETARY.

MUTUAL ASSURANCE WITHOUT PERSONAL LIABILITY.

Empowered by Special Act of Parliament.—ESTABLISHED 1837.

NATIONAL MERCANTILE MUTUAL LIFE ASSURANCE SOCIETY.

Agent and Superintendent of the Manchester District,

Mr. THOMAS CHADWICK, Clarence-buildings, Booth-street, MANCHESTER.

Trustees.

EDWARD BAKER, Esq.
GEORGE MOORE, Esq.
ROBERT WILCOXON, Esq.
GILES REDMAYNE, Esq.
PETER ROLT, Esq.

Directors.

CHAIRMAN—ROBERT WILCOXON, Esq. (A. & R. Wilcoxon.)
DEPUTY CHAIRMAN—JAMES PEEK, Esq. (Peek, Brothers & Co.)

EDWARD BAKER, Esq. (Gale, Baker, Ward & Oldfield)
GEORGE CURSHAM, M. D., Saville Row.
WM. S. HODGKINSON, Esq. (Hodgkinson & Burnside.)
WILLIAM LAWSON, Esq. (Trower, Lawson & Trower)
WM. NICHOLSON, Esq. (J. & W. Nicholson & Co.)
GILES REDMAYNE, Esq. New Bond Street.

Constitution.

By the Constitution of this Society, the Policy-Holders are exempted from all personal liability, and it is based upon the principle of Mutual Assurance with Profits, and also upon the principle of reduced Rates of Premium without Profits, under a Deed of Settlement enrolled in the High Court of Chancery, and by Special Act of Parliament, secs. 10 & 11 Vic. cap. 269.

Security.

In addition to a large amount of realised property in reserve, the annual income of the Society is equal in present value to nearly three quarters of a million, both of which are exclusively the property of the Assured, and by means of which the security of the Policy-Holders is placed beyond all doubt.

Progress.

The total amount of sums assured by the Society during the Five Years ending December 31st, 1845, was £446,336 0 0
And during the Five Years ending December 31st, 1850, was..... £823,403 0 0
Showing an increase of 85 per Cent., or £377,067 0 0
Being an average annual increase of New Assurances of £75,413 0 0
And during the same period the Assets of the Society have increased more than 150 per Cent.

Management.

The Directors and Auditors are elected by the Policy Holders, and the entire management is subject to the control of the Policy-Holders in General Meetings.

No Fines.

Policy-Holders omitting to pay their premiums when due, are allowed, if in good health, to revive their Policies without the payment of a Fine.

Assignment of Policies.

Assignments of Policies are recognised, and certificates given free of expense, admitting the assignees as proprietors of the original Policies.

Loans upon Policies, &c.

Money advanced upon the security of Policies to the full extent of their value, upon which five or more annual premiums have been paid, and upon eligible securities of every description.

Claims.

All Policies in this Office are indisputable, except in cases of *palpable fraud.* The Directors have *never disputed a claim,* but have promptly paid all demands without any annoying and vexatious enquiries.

Annual Division of Profits.

A valuation of the Assets and Liabilities of the Society is made annually, and the Profits are divided annually amongst the Policy-Holders assured on the scale with Profits upon which five or more annual premiums have been paid, and given for the current year, either

By addition to the Sum Assured, or By Reduction of Premium.

Examples of Bonus declared July 1st, 1851.

The valuation from which the above have been obtained, has been carefully checked by Mr. PETER HARDY, F.R.S., Actuary to the London Assurance Corporation, and Mr. ROBERT TUCKER, F.I.A., Actuary to the Pelican Life Office, whose report, with full particulars of the other advantages held out, is contained in the Prospectus of the Society.

JENKIN JONES, F.I.A. Actuary and Secretary.

THE

NORTHERN ASSURANCE COMPANY,

ESTABLISHED 1836.

INCORPORATED BY ACT OF PARLIAMENT.

CAPITAL ONE MILLION.

HEAD OFFICES:

ABERDEEN, 3, KING STREET. | LONDON, 1, MOORGATE STREET.
EDINBURGH, 20, ST. ANDREW'S SQUARE. | GLASGOW, 19, ST. VINCENT PLACE.

Chairman—DR. JOHN CRUICKSHANK, MARISCHAL COLLEGE.

This Company effects Fire and Life Assurances, and grants Annuities and Endowments on the most favorable terms; and from its large PAID-UP Capital and Accumulated Fund, together with its extensive and influential Proprietary (nearly 1,000 in number) offers the most perfect security for all its engagements.

The Participation Life Assurance Scheme offers peculiar advantages to the Assured, the WHOLE PROFITS being divisable among the Policy-holders, subject only to a SMALL FIXED PER CENTAGE for Management and Guarantee.

H. AMBROSE SMITH, *Secretary.*

ABERDEEN
Fire and Life Assurance Company,

ESTABLISHED 1825.—CAPITAL £1,000,000.

HEAD OFFICE, ABERDEEN.

OFFICE IN EDINBURGH, 15, PRINCES STREET. | OFFICE IN GLASGOW, 111, ST. VINCENT STREET
OFFICE IN LONDON, 36, ESSEX STREET, STRAND.

FIRE DEPARTMENT.

Common, Hazardous, and Doubly Hazardous Risks are undertaken at the usual Rates of 1/6, 2/6, and 4/6 respectively. Special Insurances at increased Rates.

LIFE DEPARTMENT.

The Participation Scheme of this Company which was begun in 1840, has been attended with eminent success; Policies in connection with it form excellent Family Provisions.

The Non-Participation Department embraces every description of Risk on approved Lives, at Rates of Premium strictly moderate.

Annuities are granted on favourable terms.

Prospectuses containing Tables of Rates with information regarding the Participation Scheme may be obtained at the Head Office, or of any of the Agencies.

30	2	9	9	2	4	10	50	4	8	3	4	1	7							

The important advantages afforded by the Company in the Life Branch will include the Following, viz:—

The Guarantee of an ample Capital and Exemption of the Assured from Liability of Partnership.

Moderate Premiums.

Large Participation of Profits by the Assured amounting to **Two-Thirds** of its net amount, which may be applied at the option of the party effecting the Assurance:—*1st.—By the immediate payment of the sum so apportioned;—2nd.—By an equivalent reduction of the future Premiums, or—3rd.—by an equivalent increase of the sum assured.*

Small Charge for Management.

Prompt Settlement of Claims.—All claims will be payable within three months after satisfactory proof of the death of the Life Assured. The Directors reserving to themselves the power to discharge any claim immediately on its being established.

Assurances may be effected when needed with the **utmost secrecy and despatch.**

No Entrance Money, nor any charge except for the Policy Stamp.

N. B.—Detailed Prospectuses may be obtained at the Office.

PERCY M. DOVE, Manager and Actuary.

EXTRACT FROM THE "POST MAGAZINE."

The Annual Report of the Royal Insurance Company, at Liverpool, and a commentary upon it in the Post Magazine, have become as regularly conjoined as the Queen's speech on the opening of Parliament, and the debate by which it is invariably followed. The Managers of other Offices cannot charge us with partiality in these annual notices, as the success of the Royal Insurance Company has been of so remarkable a nature as almost to give it a separate position from Assurance Societies of recent date.

In analyzing the Report read at the recent meeting, and comparing its details with those of former years, we find that the amount received for fire Premiums in the year 1849 is £34,469 10s. 4*d.*; being about £2,200 more than the receipts in 1846—rather more than the amount received in 1847 and more than £3,000 above the receipts of 1848. The entire receipts under this head, from the opening of the Office, in June, 1845, to 31st Dec. 1848, stand as follows:—

June, 1845, to Dec. 31, 1846	£54,128	19	0
Jan. 1. 1847, to Dec. 31, 1847	34,187	5	5
Jan. 1. 1848, to Dec. 31, 1848	31,346	1	9
	119,662	6	2

forming a grand total of nearly £120,000.

EXTRACT FROM THE "REPORT."
(LIFE BRANCH.)

The position of the Life Branch of the Company is such as to give full satisfaction.

One Life only has dropped during the course of the past year, and since its close small claims have become payable on the deaths of two others. The total number of deaths, therefore, in five years, has been but four; whilst, if the average age of the lives insured by the Company be taken, and a computation be made, founded on the mortality known to prevail among insured lives, it would appear that the deaths in that period of time should have been no less than ten.

Taking therefore, the important test which the *quality* of the lives selected by the Company gives, the *Proprietor* may hope that this department will, in future years, become the means of adding an increased permanent value to his property, while the *life assurer*, in addition to his consciousness of *perfect security*, may indulge the expectation of an important ultimate benefit to his policy in the shape of a rapidly-accruing profit which the continuance of a minimum rate of mortality would insure.

NORWICH UNION
FIRE INSURANCE
SOCIETY.

CAPITAL £550,000.—ESTABLISHED 1797

The Premiums charged by this Office are upon the most moderate scale, and in no case higher than those required by other Offices, making no return to their Insurers.

By the constitution of this Society, three-fifths of the surplus Premiums are allotted to the Assured, who have thus received, from time to time, returns amounting in the aggregate to nearly £350,000.

The last Return was declared at Michaelmas, 1846.

For Prospectuses apply to any of the Society's Agents, appointed in every Town throughout the United Kingdom, and to the Head Office, Surrey Street, Norwich.

NORWICH UNION
LIFE INSURANCE
SOCIETY.

INSTITUTED 1808.

CAPITAL INVESTED, £2,145,000.

Directors.

MAJOR-GENERAL SIR ROBERT JOHN HARVEY, C. B., PRESIDENT
JOHN WRIGHT, Esq., LEWIS EVANS, Esq., M. D., VICE-PRESIDENTS.
TIMOTHY STEWARD, Esq. GEORGE DURRANT, Esq. JAS. WINTER, Esq.
Secretary—SAMUEL BIGNOLD, Esq. Actuary—RICHARD MORGAN, Esq.

This Society has been established upwards of FORTY-TWO YEARS. All just demands upon its funds have been promptly and liberally settled. Upwards of £3,000,000 have been thus paid to the representatives of FOUR THOUSAND deceased members; and, to meet the existing engagements of the Institution, it possesses Funds amounting to **£2,145,000.** sterling, almost wholly invested on Real and Government Securities. Periodical Additions are made every five years to the sums assured upon all Policies for the whole duration of Life, in proportion to the amount of premium paid. The full advantage of Life Assurance is thus enjoyed by the Members of this Institution.

COMPARATIVE RATES.

In taking a Comparative View of the Rates of Premium charged by this Society, and those by most other Institutions, it must be observed that a considerable Annual Saving accrues to Insurers in the Norwich Union, which is equivalent to an Annual Bonus, as confirmed by reference to the following specimens.

OFFICES.	Date when established.	Premium required at Age 30.	Premium required at Age 35.	Premium required at Age 40.	Premium required at Age 45.	Premium required at Age 50.	Premium required at Age 55.

Example.—For every £100. paid to this Institution, female at the age of

- * 50 will receive £6 15 2
- * 60 — 8 11 10
- * 70 — 12 4 10

Annuity until her decease.

** The Annuity is receivable by half-yearly or quarterly payments, there is a proportionate deduction made for this advantage.*

Forms of Proposal, and all information for effecting Insurances, may be had on application at the Head Office in Norwich, or at any of the Agencies throughout the United Kingdom.

MUTUAL ASSURANCE,

SCOTTISH WIDOW'S FUND

AND

LIFE ASSURANCE SOCIETY.

FOUNDED A. D. 1815.

CONSTITUTED BY ACT OF PARLIAMENT.

THIS SOCIETY HAS AN ACTUALLY INVESTED CAPITAL OF

TWO MILLIONS, TWO HUNDRED AND FOUR THOUSAND POUNDS.

Arising solely from the Accumulation of the Premiums, and which is the Exclusive Property of its Members.

Agreeably to the Articles of Constitution, an investigation into the affairs of the Society takes place every Seven Years, when the surplus Profits are allocated as follows:—

Two-Thirds thereof are divided among the members of the Society; and

One-Third is retained, as a Guarantee Fund, till the succeeding period of investigation.

Thus, at 1st January, 1846 (the period of last investigation), after setting aside a sum sufficient to meet the obligations of the Society, there remained

A Surplus or Profit of **£614,422 1 6**

One-Third of which was reserved as a Guarantee Fund 204.807 7 2

And there remained to be divided among the Members £409,614 14 4

Which Sum enabled the Directors to declare AN ADDITION OF 14 PER CENT. for the preceding Seven Years, upon all Assurances, *as well as upon previously declared additions*, which, in the case of Policies opened in any year from 1815 to 1819 inclusive, was equal to AN ADDITION OF UPWARDS OF 22 PER CENT., or upwards of 3 per Cent. per annum on the original sum assured.

And also to provide for the payment of a farther addition, at the rate of 2 per Cent. per annum on the original sums assured, and vested additions secured under all Policies which should emerge before next period of investigation, which was equal to upwards of 3½ per Cent. per annum on the original sums assured alone.

It will thus be seen, that the Members of this Society have the advantage of a large Capital, of which they are the *sole proprietors*, and from which they derive the whole benefit without any deduction being made for the payment of dividends to Shareholders.

The following will exemplify the effect of the additions already declared to this Society's Policies.

POLICY FOR £500.

Date when Policy was opened.	Vested Additions as at 1st January, 1846.			Amount payable in the event of Death after payment of the Premium due in any of the following Years:—								
				1850.			1851.			1852.		
	£	s.	d.	£	s.	d.	£	s.	d.	£.	s.	d.
1815 to 1819.	904	14	3	995	3	8	1013	5	7	1031	7	5
1825	718	0	7	789	16	7	804	3	10	818	11	0
1835	615	12	0	677	3	2	689	9	5	701	15	8
1845	....			561	0	0	571	4	0	581	8	0

The Amount of Assurances effected during the last Twelve Years, on an average exceeds

HALF A MILLION STERLING PER ANNUM.

N B.—No Member is entitled to participate in the Profits of the Society, unless the Policy be of at least Five Years' standing.

HEAD OFFICE:—EDINBURGH, 5, St. Andrew Square.

JOHN LINDSAY, Esq. Laurence Pountney Lane.
THOMAS H. BROOKING, Esq. Alderman's Walk.

PETER EWART, *Resident Secretary.*

Progress of the Business, 1850.

891 New Policies were issued by the Company during the year ending 15th November, 1850, **861** for Assurances, and **30** for other transactions.

The **New Assurances** during that period amounted to **£509,147, 10s. 6d.**, yielding **New Premiums** to the amount of **£17,550, 14s. 9d.**

The **Number of Proposals** made to the Company during the same period was **1066**, of which **861** were accepted, and **205** declined—the whole sum proposed for Assurance being **£621,943, 14s. 2d.**

A very **Large Addition** was made to the **Funds of the Company,** and the Directors were still enabled to maintain a high rate of interest on their Investments, which are almost entirely secured on Land or on Government Securities.

Progress of the Business, 1845 to 1850.

The number of **Proposals for Assurance** made to the Company during the last Five Years was **4,360,** for Assurances to the amount of **£2,737,925, 4s. 5d**

Of this number, **3,436 Proposals for Assurances** to the amount of **£2,146,641. 12s. 9d.** were accepted; and **924** for Assurances to the amount of **£591,283, 11s. 8d,** declined.

The **New Premiums** on business transacted during the period amounted on an average, to about **£14,700,** per annum, or **£73,480, 13s.** in all of New Premiums.

The actual **expenses** of conducting the business have not increased during the period, and are consequently a much smaller per centage on the revenue than in 1845.

The **Revenue of the Company** was, on November 15th, 1850, **£169,151, 16s. 4d.** per annum.

Apply for Information regarding the Company, at 3, George Street, Edinburgh; 82, King William Street, London, or at any Agencies, which are established throughout the Kingdom.

LIFE ASSURANCE DEPARTMENT.

The following and other advantages may be secured.

Husbands and Fathers may make provision for their Widows and Children.

Parents may provide Endowments for Children, and secure Marriage Settlements. [years.

The Young may make provision for their declining

Creditors may be secured from Loss, which the Death of their Debtors might occasion.

Borrowers may secure the repayment of Loans in the event of death.

Possessors of Entailed Estates may provide for the younger branches of their families.

Holders of Leases, dependent on a life or lives, may provide a sum to meet Fines, Increase of Rent, or Loss of Capital.

Expectants of Property in Reversion may Insure against Contingencies.

Annuities granted with extra privileges.

Partners in Firms may provide against the withdrawal of the capital of deceased partners.

Four-Fifths of the Profits are divided amongst the Assured. [Security.

Loans granted upon approved Real or Personal

Premiums taken Monthly, Quarterly, Half-yearly or Yearly.

Premiums may be charged upon the Policy, in the event of temporary inability to keep up the payments: the Policy is thus preserved to the Assured at a period of difficulty.

Half the Premiums for the first seven years may remain on credit.

Assurances after being effected may be Varied according to the wish of the person assured.

GUARANTEE DEPARTMENT,

Affording Security to the Employers of—

Secretaries and Clerks in Public Institutions, Docks, Railway Companies, &c.;

Managers, Actuaries, Clerks, Agents, and others employed by Bankers, Assurance Companies, Brokers, Merchants, &c.;

Railway Station Masters, Clerks, Officials, Porters, &c.;

Official Assignees; Commercial Travellers;

Collectors of Rates, Taxes, Tythes, &c.;

Persons desirous of Interposing Public Guarantee as a Security to themselves, where Private Bonds have been given, and where Public Guarantee is not yet accepted;

Public Guarantee for the fidelity of those who hold situations of trust has been proved, by late experience, to be greatly superior to Private Guarantee. It affords the most complete Security to the Employer, and at the same time preserves the independence of the employed.

This Company affords Guarantee at the lowest rates, and after the first three years annually divides Four-fifths of the Profits.

Thus by applying the popular principle of **Mutuality to Public Guarantee**, the Premiums, instead of being a Tax upon Honesty, become a means of Saving and Investment.

RATES:—From 7s. 6d. per Cent. Upwards.
No Charge for Stamps.

An Allowance made in the Guarantee Premium, where a Life Assurance and Guarantee are combined.

Whole of Life with Profits.

Yearly, Half-yearly, and Quarterly Premiums for the Assurance of £100. at Death.—TABLE 1.

S

UNITED KINGDOM LIFE ASSURANCE COMPANY,

8, WATERLOO PLACE, PALL MALL, LONDON.
97, GEORGE STREET, EDINBURGH.
12, ST. VINCENT PLACE, GLASGOW.
4, COLLEGE GREEN, DUBLIN.

ESTABLISHED BY ACT OF PARLIAMENT IN 1834.

This Company Established by Act of Parliament, in 1834, affords the most perfect Security in a large Paid up Capital, and in the great success which has attended it since its commencement.

The Annual Revenue being upwards of £100,000.

SECOND SEPTENNIAL DIVISION OF PROFITS AMONG THE ASSURED.

In 1841 the Company declared a Bonus of 2 ℘ Cent. per Annum on the Sum Insured, to all Policies of the Participating Class, from the time they were effected, to the 31st of December, 1840; and from that date to 31st December, 1847, 2¼ ℘ Cent. per Annum, was added at the General Meeting, on the 6th of July, 1848.

NO ENTRANCE MONEY, OR CHARGE, EXCEPT FOR POLICY STAMP.

The Bonus added to Policies from March, 1834, to December, 31, 1847, is as follows—

Sum Assured.	Time Assured.	Sum added to Policy in 1841.	Sum added to Policy in 1848.	Sum payable at Death.
		£ s. d.	£ s. d.	£ s. d.
5000	13 Years 10 Months....	683 6 8	787 10 0	6470 16 8
5000	12 Years	500 0 0	787 10 0	6287 10 0
5000	10 Years	300 0 0	787 10 0	6087 10 0
5000	8 Years	100 0 0	785 10 0	5887 10 0
5000	6 Years	.....	675 0 0	5675 0 0
5000	4 Years	.....	450 0 0	5450 0 0
5000	2 Years	.....	225 0 0	5225 0 0

The Premiums, nevertheless are on the most Moderate Scale, and only one-half need be paid for the First Five Years, when the Insurance is for Life.

Assurers in this Company have the Guarantee of an ample Subscribed Capital, and careful and economical management. The success of the Society is manifest, from the fact that since its establishment more than 2,200 Policies have been issued, assuring over £1,300,000. while its assets stand at £125,000. and upwards, with an income of £30,000. a year, steadily increasing.

The business of the Company embraces every description of risk connected with Life Assurance. The Premiums are moderate, and may be paid quarterly, half-yearly, or otherwise.

Credit allowed of one-third of the Premiums till death, or *half* the Premiums for five years, on Policies taken out for the whole of Life.

Extra Premiums for Foreign Risks.—Persons assured with the Company may obtain permission to travel or reside in Canada, New Brunswick, Nova Scotia, New Zealand, Madeira, Malta, Cape Colony, and in other healthy foreign climates, without payment of extra Premium; also, with some limit, in North America (not south of the 35° of north latitude), and in Australia.

Profits—Bonus.—Four-fifths or 80 *per cent.* of the entire profits of the Company are appropriated to parties who have been assured on the profit scale for three clear years.

Loans.—Advances are made upon the Security of Freehold and Leasehold Property of adequate value, of Life Interests, Reversions, and other legally assignable property or income. Great facilities are also offered to Assurers for obtaining at small expense, and quickly, temporary advances on *Personal Security.*

The Capital of the Bank is £5,000,000. sterling, in 50,000 shares of £100. each. The sum of £20. has been paid on each share, so that the paid-up Capital is £1,000,000. sterling. This presents the most perfect security to the public, and gives the Bank the most ample means for affording to its customers every reasonable accommodation.

The Bank has above eleven hundred partners, whose names are registered at the Stamp Office, and are printed with the annual Report of the Directors. The advantage obtained by a Joint Stock Proprietary is, that those partners who are customers to the Bank, participate in the profits made by their own accounts.

Current accounts are received on the same principles as those observed by the London Bankers. Every person connected with the establishment signs a Declaration of secrecy as to the accounts of individuals. No Christmas-boxes or other gratuities are allowed to be taken by the Officers of the Bank.

Parties who are desirous of having Current accounts, without being under the necessity of keeping a balance, are charged a small commission, proportionate to the amount of their transactions. This extends the advantage of a Banking Account to parties having moderate incomes, or who in the course of their business find ample employment for their capital.

Sums from £10. to £1,000. are received on Deposit, at a rate of interest to be fixed at the time, and they are re-payable on demand, without notice. For these sums Receipts are granted, called Deposit Receipts. By allowing interest for small sums, the benefit of the Deposit system, as practised in Scotland, is extended to all classes of the community.

Sums of £1,000. and upwards are also received on Deposit Receipts, upon such terms as may be agreed upon with regard to the rate of interest and the time of re-payment. Trustees and others who have money, which they cannot immediately employ, may thus obtain an interest for it, until an opportunity occurs for its permanent investment. Parties may lodge money upon an Interest Account who have no Current Account, and those who have Current Accounts may transfer any portion of their Balance to an Interest Account.

Circular Notes are issued for the use of Travellers and Residents on the Continent. These Notes are payable at every important place in Europe, and thus enable a Traveller to vary his Route without inconvenience. No expense whatever is incurred, and when cashed no charge is made for commission. These Notes may be obtained at the City Office in Lothbury, or at any of the Branches.

The Bank takes the Agency of Joint Stock Banks, Private Bankers, and other parties residing at a distance. By the Act 7 and 8 VICTORIA, c. 32, this Bank obtained the right of accepting Bills drawn at a less period than six months after date, and by the Act 7 and 8 VICTORIA, c. 113, it acquired the privilege of suing and being sued in the name of any one of its registered Public Officers.

THE POLICIES ARE INDEFEASIBLE AND INDISPUTABLE,

which renders them more valuable and certain as Family provisions, and elevates them to the rank of *negotiable instruments* of security for pecuniary transactions. All questions as to age, health, habits and employment, residence, health of relatives, and other matters deserving of inquiry prior to the contract being granted, are held as finally settled when the assured receives his policy.

To remove all doubt on this important subject, at present, and for all future time, the following clause has been inserted in the Deed of Incorporation of the Company:—Clause 84.

"*That every Policy issued by the Company shall be indefeasible and indisputable, and the fact of issuing "the same shall be conclusive evidence of the validity of the Policy, and it shall not be lawful for the Company "to delay payment of the money assured thereby on the ground of any error, mistake or omission however "important, made by or on the part of the person or persons effecting such Assurance, and that on the contrary "the amount so assured shall be paid at the time stipulated by the Policy as if no such error, mistake or omission "had been made.*"

ALEXANDER ROBERTSON, Manager.

COLES'S PATENT TRUSSES,

Are universally admitted to be the most Effectual Instruments now in use for the Relief and Cure of HERNIA. The Pads resist the descent of the Hernia when stooping or coughing. The following Testimonials are selected from a list too numerous for insertion in a single advertisement.

Dr. THORNTON, the eminent Botanist, to William Coles.

Sir,—After six months wearing a Truss of your construction, I am perfectly cured of an inguinal hernia, which was in appearance the size of a watch, and which had existed for six months. I am happy now to inform you that I have left off my truss a fortnight, and have not experienced any descent of the hernia. I therefore most heartily wish you that success which your ingenuity so amply deserves.

3, Howland-street, Fitzroy-square, June 22, 1830.

Colonel FRANCKLIN informs those who have ruptures, that he has been wearing trusses thirty years, and he never met with but one individual who was master of the complaint. He has likewise an elder brother, a colonel in the Honourable East India Company's service, who has worn a similar kind of truss for many years, who can say the same. Mr. Coles, of Charing Cross, is the individual alluded to.

Blackheath, July 16, 1832.

The Rev. Dr. DOWDESWELL informs Mr. Coles that, for many years before he called at his establishment, at Charing Cross, he had worn trusses got up, as he supposed, by the best London makers; but he considers it due to Mr. Coles to acknowledge that his patent trusses, which he has also worn for many years, are as much superior to those which he had formerly used, as words can possibly describe them.

Dr. D., in authorizing Mr. Coles to give it publicity, feels assured that he his conferring a boon on Society.

48, Upper Grosvenor-street, Grosvenor-square, May 15, 1848.

The British Museum, November 9, 1848.

Sir,—Having suffered much from the use of imperfect trusses, I had recourse to your patent, two of which I wore sixteen years, which cured me completely; I have now the pleasure to say, that for the last two years I have not had a truss on my person. Yours, with gratitude, WILLIAM LEACH.

HENRY EARLE, Esq. Surgeon, F.R.S., in his certificate on Coles's patent Truss, published to the world in 1824, said it was his firm conviction, Coles's trusses would be found more efficacious, than any at present employed.

They make a more uniform impression on the ring than the Ball-and-Socket Pad (Salmon's) can effect. This appeared in Sir A. Cooper's Treatise on Hernia, in 1826-7.

"The varied positions of the body in stooping and coughing do not alter the position of the pads, nor displace them.—The late THOMAS CALLAWAY, Esq. of Guy's Hospital, in his certificate on Coles's Truss.

"They are the best Trusses that have ever yet been got up."—CHARLES ASTON KEY, Esq. of Guy's Hospital.

Manufactured only by WILLIAM COLES, Truss Maker to the Forces, 3, Charing Cross,

A Letter on the subject of Hernia is Twopence.

COLES'S PATENT MEDICATED BANDS,

For the Cure of Lumbago, Sciatica, Rheumatism, Cramp, &c.

To Mr. WILLIAM COLES.

Muswell Hill and the Foundling, 1st. Aug. 1834.

Sir,—It having been suggested to me while suffering under the most acute pain in my limbs from Rheumatism, that you had discovered a remedy for that malady, I availed myself of it, and I have the happiness to assure you it has completely subdued the disease which had afflicted me for many years, notwithstanding I had tried every means in my power to obtain relief, with a perseverance proportionate to my misery.—I am, sir, your grateful servant. MORRIS LIEVESLEY.

Joseph Clay, Esq., of Arden Mills, Denton, near Manchester, in a letter dated July 2, 1835, says:—"I have received the Medicated Bands, the whole of which I have worn since May last, and I have the pleasure to state that they have relieved my sufferings in my shoulders, wrists, knees, and hip. I still feel weak in my ankles; but, on the whole I think, by persevering with them, they will make me young again."

Hatchett's Hotel, Piccadilly, and Cwmdu Crickhowel, South Wales, July 2nd, 1836.

Dr. ROBERT NETTLES CROKER, M. D., from motives of gratitude to Mr. Coles, for relief from severe pain, sends him this paper. Early in this month, and as far back as the 20th of May, he had suffered extreme torture from a fall from his horse, the muscular fibres of the caraco brachialis, and the deltoid muscles of the humerus were sadly strained, the weight of the horse and rider pointing to the top of the humerus. Mr. Robert Keate, his friend, attended—advised rest—to use a sling and prescribed the constant application of leeches with evaporating lotions, and remaining in bed; but his habits and engagements entirely forbade the completion of the latter part of this prescription. With extreme, and almost intolerable torture, the complaint continued, he being but little affected by the leeches and local means employed. Dr. Croker then applied Coles's Patent Rheumatic Band, in which, however, he had but little faith, especially as his pains had not their origin in cold or rheumatism. As the surface of the body became warm with exercise, the remission of pain became instantly manifest and in 24 hours Dr. Croker, had scarcely any pain, and makes this singular avowal without attempting to explain the phenomenon, how a local external application of a mineral in a state of powder, can act in alleviating deep-seated muscular pain: the fact is most anomalous, and demands the attention of all practitioners. The bands should be worn many days after the pain has ceased.

Sir, I am in justice bound to state, that in consequence of a virulent attack of yellow fever, I returned from the West Indies with paralysis in my left hand, and a severe rheumatic affection in my right thigh. That by the use of the waters of Weisbaden I got rid of the paralysis; but the acute pain in my limb still continuing, I applied and wore for a considerable time, with the most happy result, your patent medicated band, which afforded me immediate relief.

Boulogne, May 17, 1837. I am, sir, your obliged servant, A. M. MAXWELL, Lieut.-Col. 36th Regt.

Lieutenant-Colonel Stisted, of the 3rd Regiment of Light Dragoons, informs those who have rheumatism that he has worn Wm. Coles's patent medicated bands four months; that they have relieved him from a state of suffering scarcely to be described. The Colonel, to evince his gratitude to Mr. Coles, has authorized him to make use of his name in any way he thinks proper.

4, Caven-street, Strand, London, April 22, 1837.

A Letter on Rheumatism, price 2d. at 3, Charing Cross, or 28, St. Peter's Square, Hammersmith

UPTON-UPON-SEVERN,

WORCESTERSHIRE.

LONDON STORES—3, Queen Street Place, Cheapside—**W. S. RUMSEY, Agent.**

STORES also in LIVERPOOL and in HULL.

COLLEGE OF CHEMISTRY, LIVERPOOL, *Tuesday, 14th October*, 1851.

DEAR SIRS,

The cask of French Wine Vinegar came safely to hand. I have submitted it to analysis, and find it to be *perfectly pure, i. e.*, it only contains those matters which are in all fermented grape juice. It is very much liked in my house, being a most agreeable acid.

The reason of my sending to you for Vinegar was on account of the *dreadful mixtures* sold here under that name; some of the samples I examined contained sugar, oil of vitriol, and arsenic.

To Messrs. W. & S. KENT & SONS, Upton-upon-Severn. — Yours truly, SHERIDAN MUSPRATT, F.R.S.E., Dr. Phil., &c. &c.

BANKERS—Messrs. COUTTS & Co 59, Strand.
PHYSICIAN—Sir CHARLES FERGUSSON FORBES, M.D., K.C.H., F.L.S.
COUNSEL—J. MEASURE, Esq. 4, Serle Street, Lincoln's-Inn-Fields.
SOLICITOR—STEPHEN GARRARD, Esq. 13, Suffolk Street, Pall Mall East.
ACTUARY—JOHN FINLAISON, Esq., President of the Institute of Actuaries.

Assurances are granted upon the Lives of persons in every profession and station in life, and for every part of the world, with the exception of the Western Coast of Africa within the Tropics.

The Rates of Premiums are constructed upon Sound Principles with reference to every Colony, and, by payment of a moderate addition to the Home Premium, in case of increase of risk, persons assured in this office may change from one climate to another, without forfeiting their Policies.

FOUR-FIFTHS of the PROFITS are divided amongst the Assured.

The circumstances of the Society, on the occasion of the Second Septennial Division of Profits in the present year, 1851, have warranted the apportionment of a Very Liberal Bonus.

The additions to various Policies are shown in the following examples:

Age when Assured	Policy effected in	Sum Assured	Total Additions in 1851.		Age when Assured	Policy effected in	Sum Assured	Total Additions in 1851.	
25	1838	£1,000	£164 12 2	Participators in *Two* Septennial Divisions of Profits.	26	1844	£1,000	£19 2 0	Participators in *One* Septennial Division of Profits.
35	1838	£1,000	£176 19 8		36	1844	£1,000	£59 4 9	
45	1838	£1,000	£219 6 6		46	1844	£1,000	£77 13 0	
53	1838	£1,000	£235 19 8		55	1844	£1,000	£83 13 7	
64	1838	£1,000	£268 1 3		66	1844	£1,000	£94 15 8	

JOSEPH CARTWRIGHT BRETTELL, Secretary.

ALL POLICIES INDISPUTABLE.

SOVEREIGN LIFE ASSURANCE COMPNY.

49, ST. JAMES'S STREET, LONDON.

Trustees.

The Right Hon. the Earl Talbot.
Henry Pownall, Esq.
B Bond Cabbell, Esq. M.P.
Sir Claude Scott, Bart.

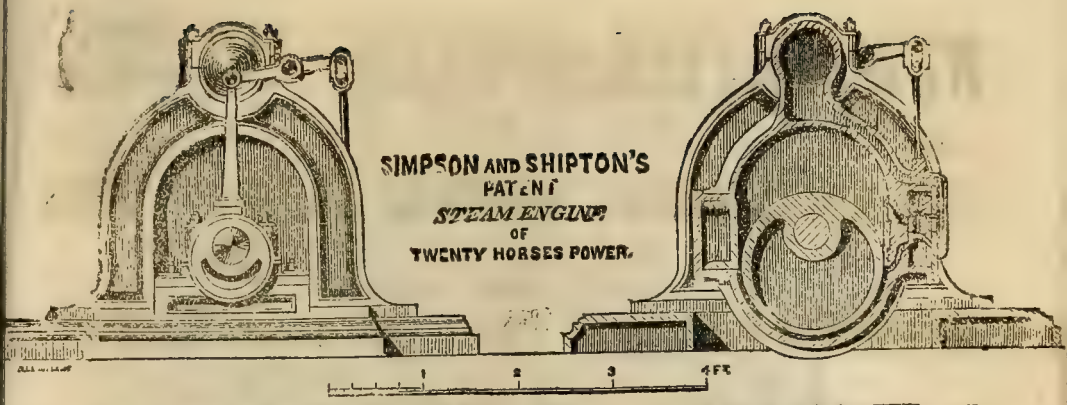
Directors.

CHAIRMAN—Lieutenant-Colonel Lord ARTHUR LENNOX.
DEPUTY-CHAIRMAN—T. C. GRANGER, Esq. M.P.

John Ashburner, Esq. M.D.
T. M. Batard, Esq.
J. Bathurst, Esq.
C. Farebrother, Esq. Ald.
Sir James Carmichael, Bart.
John Gardiner, Esq.
Charles Osborn, Esq.

Assurances granted on the Lives of persons in every station of life, and every part of the world on peculiarly favourable terms.
Policies issued to secure an amount on attaining a certain age, or on death, should it occur previously.
Persons proceeding beyond the limits of Europe may effect assurances on payment of moderate increased rates.
Immediate annuities granted on liberal terms, affording great advantages to persons of limited income.
Deferred annuities may be purchased at rates which secure a return of the whole or part of the premiums paid, in case the age at which the annuity is to commence be not attained.
Also endowment on widows and children.
All the Company's engagements are guaranteed by ample subscribed and paid-up capital.
Prospectuses and the necessary form of proposals, with every information, may be obtained on application either personally or by letter, at the Company's Offices.
A liberal commission allowed to solicitors and agents in every branch of business.

HENRY D. DAVENPORT, Secretary.



SHIPTON & COMPY

MILLWRIGHTS, ENGINEERS,

AND MANUFACTURERS OF

SIMPSON & SHIPTON'S

IMPROVED

RECIPROCATING ENGINES,

TRAFFORD STREET, MANCHESTER.

S. & Company solicit the attention of parties requiring Steam Power, to their Improved Steam Engines, which are of the most simple construction, and require very little room, also, from containing the principles of the ordinary Engine, they are as economical in consumption of fuel. After considerable experience, S. & Co. are enabled to offer Engines at exceeding Low Prices, the work and material they guarantee to be of the first-class character.

GIBRALTAR IRON WORKS,

POLAND-STREET, OLDHAM-ROAD,

WILLIAM MUIR,

MACHINIST & TOOL MANUFACTURER

BRITANNIA WORKS, SHERBORNE STREET, STRANGEWAYS,

MANCHESTER.

(Removed from Miller's Lane, Greengate, Salford,)

WORKS, ESTABLISHED IN 1842,

TO MAKE MODELS, TOOLS, &c.

For and to assist Inventors and Others, in working out and perfecting their several Inventions.

W. M. respectfully intimates that he has removed his manufactory from Miller's Lane, Greengate, Salford, to new and extensive premises, which he has erected on a scale of importance adequate to the requirements of his increasing business, "Britannia Works" are conveniently situated on the banks of the river Irwell, within ten minutes' walk from the Manchester Royal Exchange. The buildings are of great extent, and combine every requisite for their intended purpose. WILLIAM MUIR has constructed an improved steam engine of ample power, and has added many other improvements, regardless of cost, that will enable him to carry out any Invention of a mechanical nature in perfect secrecy, on the most economical principles, and, in fact, to the entire satisfaction of the parties interested. In addition to his original business he has added to his Manufactures

SMALL POWER AND FOOT LATHES,

With all the Tools and Apparatus connected therewith, for Plain and Ornamental Purposes.

ENGINEERING AND GAS TAPS, STOCKS AND DIES,

LETTER COPYING PRESSES, ALL SIZES:

On the most Approved Construction, with Copying Books, and every other requisite for Copying Letters

For Embossing Crests, Initials, Envelopes, Prescriptions, Address of Business, Firms, &c.; Also,

EXTRA LARGE SCREW PRESSES,

FOR EMBOSSING TICKETS, WITH STEEL DIES & STAMPS OF EVERY DESCRIPTION

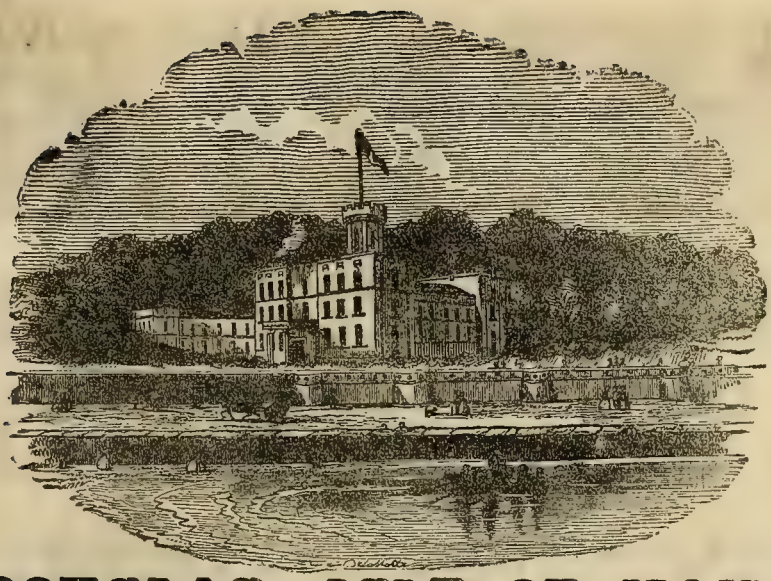
The increasing demand for these Presses, is a sufficient Guarantee for their excellence; and every Press manufactured by WILLIAM MUIR, is warranted.

AN EXCELLENT OIL TESTING MACHINE,

Invented by Mr. E. THOMAS, Oil Merchant, Manchester.

Manufacturer of Weild's Patent Coffee Mills.

A Prize Medal has been awarded to W. MUIR for the Foot Lathe, Embossing and Copying Presses, and other Machines and Tools, manufactured and exhibited by him in Class 6, No. 206, at the Great Exhibition of 1851



DOUGLAS, ISLE OF MAN.

THE CASTLE MONA HOTEL.

The Proprietor, GEORGE HERON,

Begs respectfully to inform the Nobility, and Gentry who may be desirous of visiting this beautiful WATERING PLACE, that the above Hotel will be found replete with every comfort, and second to none in the kingdom.

For the information of those who have not yet visited the ISLE OF MAN, the proprietor begs to state that the CASTLE MONA was originally built by the late DUKE OF ATHOL, for his own private residence, and stands unrivalled for beauty of situation, comfort, style and elegance, on the margin of the beautiful and picturesque BAY OF DOUGLAS, surrounded by extensive Pleasure Grounds and Gardens tastefully laid out, and abounding with the choicest shrubs, plants and flowers, communicating with the woods by sheltered and secluded walks, elevated several hundred feet above the level of the sea.

The Hotel comprises suites of elegant and richly furnished apartments, a table d'hote, splendid and capacious dining rooms, saloon, coffee rooms, billiard room, baths of every description; and close to the Hotel, every accommodation for SEA BATHING, which is the finest in the world and may be enjoyed any hour of the day; in fact, every luxury and comfort can be had in this Establishment, with French and other Wines (imported direct from the first Houses), on very moderate terms.

An Omnibus, Boat, and Servant attend each Packet to convey Parties to the Hotel, free of charge.

Terms to Families are reduced in the Months of April, May and June, and during the Winter

} BROKERS for the TRADERS.

PATENT FELTS,

MANUFACTURED BY

F. RITCHIE & SONS,

BELFAST.

ASPHALTE ROOFING FELT,

Which, for DURABILITY (being saturated with pure MINERAL ASPHALTE) far exceeds any other in the Market. Houses of every description can be Roofed with this Felt at less than one-half the usual price of Slates or Tiles, the price of the ROOFING FELT being only

ONE PENNY PER SQUARE FOOT.

FELT FOR SHEATHING SHIPS,

UNDER WOOD OR COPPER.

Inodorous Felt for Lining Damp Walls,

DRY HAIR FELT,

FOR COVERING

Boilers, Cylinders of Steam Engines, Steam Pipes, &c.

Which completely prevents the loss of heat by radiation, and thereby effects a saving of 15 to 20 per Cent. in Fuel.

MANUFACTURERS OF

MINERAL PAINT,

Of rich Black and Brown Colours, ready for use.

This Paint, from its adhesive and preservative properties, combined with its beauty, durability, and lowness of price, will be found of peculiar advantage for painting out-buildings, iron-work, boats, ships, &c.

Price, 2s. per Gallon, including package, in quantities of 5, 10 and 25 Gallons. In smaller quantities, 6d. per Gallon extra.

FRANCIS RITCHIE & SONS, BELFAST,

Manufacturers of Vitriolized Bone, Compound and other Manures, Fire Lights, Vitriol, Coal Tar, Coal Tar Pitch, Black and Brown Mineral Paints, Asphalte Flagging, &c., &c.

ROMAN CEMENT MILLS, UPPER CHURCH LANE.

GREAT EXHIBITION of 1851.

Warwick Lane, Newgate Street, London, 10th Mo. 3, 1851

T. C. S. CORRY of VICTORIA STREET, BELFAST, has purchased the large SODA WATER MACHINE made expressly by us for the "Great Exhibition," and which is more complete and highly finished than any Soda Water Machine previously made. It is engraved in the *Illustrated Catalogue*, Class 6. (Signed) J. TYLER & SONS.

CORRY'S AERATED WATERS.

Are prepared in Silver Cylinders, from the purest ingredients, by Patent Machinery, manufactured expressly for the "GREAT EXHIBITION OF ALL NATIONS." it being the earnest desire of the Proprietor by every practicable means, to retain and extend that character which has gained for his beverages such decided preference. He is therefore now prepared to supply an article which, for purity, strength, and delicacy of flavour, cannot be surpassed by any manufacturer in the universe. His Aerated Lemonade possesses in a high degree, the agreeable cooling properties of the fresh Lemon, and is recommended as a refreshing draught in febrile affections; whilst, as a winter beverage, his Ginger Ale is agreeably stimulating, invigorating, and stomachic. He also begs to direct attention to a new preparation which he has recently introduced, viz.:—Fruit Nectar. This exquisite compound combines the delicious flavour of the Pine-Apple with the rich delicacy of the ripe Citron, forming a most agreeable and exhilarating beverage. His Soda Water is prepared with great care from *Pure Crystalised Carbonate of Soda;* in addition to which he now supplies, principally for family use, a Double Soda Water, containing a larger quantity of the Carbonate, delicately flavoured with Lemon, which renders it much more agreeable to the taste, and in no way detracts from its anti-acid and stomachic qualities. He also prepares for medicinal use, an Aperient Solution of Magnesia, a most valuable and efficacious compound. The Trade supplied on liberal terms, and Price Lists forwarded free to any part of the kingdom. Country orders accompanied by a remittance punctually attended to. Prepared at

CORRY'S STEAM AERATED WATER WORKS,

And Sold Wholesale at Victoria Street Medical Hall, BELFAST.

BENSHAM HOSPITAL,

FOR THE

Reception and Recovery of Persons Afflicted

WITH

MENTAL DISORDERS,

Belonging to, and under the Superintendence of

MR. FREDERICK GLENTON,

AND

TWO MEDICAL GENTLEMEN.

This Establishment is situated in the pleasantest part of the most healthy, cheerful, and delightful neighbourhood of BENSHAM, nearly a mile from GATESHEAD. It is said by many Medical Gentlemen to be equal, and by some, superior to Italy, for the recovery of delicate constitutions. It possesses the very great advantage of having Two distinct Houses, one for each Sex, which is found to be of the greatest utility. The House is well ventilated, and is generally heated with Hot Water Pipes.

The Grounds are in every respect adapted to the exercise and recreation of the Patients.

The kindest and most judicious treatment is experienced by the Patients, and every indulgence permitted compatible with their welfare.

This Institution stands pre-eminent for the number of cures effected. Seven out of Ten admitted recover.

METROPOLITAN COMMISSIONERS' REPORT.

"We found this Establishment clean, neat, in good order, and well ventilated. We are much gratified by the sight of the large additions which the Proprietor is making to his Premises, and by the liberality on the scale on which they are projected. The Patients were for the most part tranquil, and many of them expressed themselves to us, as well satisfied with the quantity and quality of the provisions, and with the treatment which they experienced, which appears to us to be kind and considerate."

M'NAUGHT'S

PATENT

DOUBLE CYLINDER STEAM ENGINE.

The object of this Invention is the application of High-Pressure Steam working expansively to Engines which have been designed originally for Low-Pressure Steam only, and offers the only safe method of effecting an increase of power combined with an important saving of fuel.

This Patent consists in the application of a High-Pressure Cylinder, A. at the opposite end of the working beam, from the Low-Pressure Cylinder. The Steam is admitted at a pressure of, from 30 to 40 lbs. on the square inch, into this cylinder, and after performing its duty there, passes through the pipe B. into the cylinder C., where it expands, and from which it finally escapes into the condenser in the usual manner.

The relative positions of the High and Low-Pressure Cylinders equalize the strain on the Main Centre, and Pillar, and Crank Walls, and thereby produce a much steadier and smoother motion, although the power of the Engine is increased.

The average saving of fuel in Engines to which this Patent has been applied, is from 30 to 40 per cent., and the increase of power has been to the same extent; but these have varied with circumstances.

This Principle is peculiarly applicable to existing Steam Engines, and also in the construction of New ones, and is now working on upwards of One Hundred Steam Engines, from 10 to 100 horse power each, and with the most satisfactory results.

Circulars containing Certificates and references to be had on application to

WILLIAM Mc. NAUGHT, 18, Exchange, MANCHESTER, or 26, Robertson Street, GLASGOW; or in LONDON, to W. KELD WHYTEHEAD, 69, Cornhill, who will give any required information on the subject.

No other Parties are legally authorised to take Orders or act for the Patentee.

OBSERVE—OFFICE AT THE TOP OF THE EXCHANGE, BY DUCIE STREET ENTRANCE.

THE SCOTTISH

PRINTING INK MANUFACTORY & CHEMICAL WORKS,

5, SHORE, LEITH.

MILLER & ARTHUR, Printing Ink Manufacturers, respectfully recommend their Letterpress Ink to the Trade.

The manufacture of this Ink is conducted by them on sound Chemical Principles, under the personal supervision of an eminent Chemist, Fellow of the Royal Society of Edinburgh, who, for many years, has given his attention and research to the perfecting of Letterpress Ink.

This Ink possesses the property of keeping the Roller in good working order, so as *never* to lose the *grip*. It distributes freely—works sharp and clean—washes easily off the types—and dries readily on paper. Colour deep and permanent, never changing to the brown.

It does not skin in the barrel or dry on the roller, and is entirely divested of that unpleasant effluvium so injurious to the health of the workmen.

Prices.

	Per lb.
Ink for Bills and Common Work, from	**1s. to 1s. 3d.**
